AGENDA
Tuesday, Sept. 23, 2014
Forum, Room 450
3:00 – 5:00pm

1.0 Call to Order at 3:00 — Special meeting of Faculty Senate, IAC, Program Chairs, and interested members of the Cabrillo community to focus on issues concerning enrollment management (Definition: the processes used at the college to determine the allocation of Teaching Units among programs and divisions)

2.0 Welcome — (5 minutes) - Michael and Kathie

Goals for today’s session:
- To improve communication and clarity on enrollment issues
- To improve the level of trust among faculty and administration
- To increase awareness of how using data can help improve decision-making
- To begin a conversation about enrollment strategies and priorities for long-range planning

3.0 Review of Data - (30) – Kathie, Terrence, and Paul
Enrolment Projections and data gathered for the PIE Committee (Program Improvement and Effectiveness). Discussion of long-term enrollment challenges.

4.0 Small Group Breakout and Report Back – (30)
4.1 What are the strengths and weaknesses of the current practices of enrollment management?
4.2 How can the college ensure that suggestions for improving enrollment are being listened to and considered?

5.0 Roundtable Discussion of PC’s and Deans – (50)
Addressing issues raised in the breakout session, sharing of practices that lead to improved enrollment management, identifying challenges, and suggestions for ways that the current system can be improved.
