FALL 2010 PLENARY SESSION ADOPTED RESOLUTIONS

1.0 ACADEMIC SENATE

1.01 F10 Bylaws Change
Wheeler North, San Diego Miramar College, Executive Committee

Whereas, Current Senate Rules do not provide directions to the body for who is eligible to vote when electing its officers;

Resolved, That the Academic Senate for California Community Colleges revise its Rules as follows:

Add subdivision B:

   B. Elections of Officers
      1) Officers. Each Officer will be elected to the Executive Committee by balloting from all Delegates.

MSC Disposition: Local Senates
Assigned: Executive Director

1.02 F10 Separation of Accreditation and SLO Committee into Two Committees
Julie Bruno, Sierra College, Executive Committee

Whereas, The Accreditation and SLO Committee functions under two separate and distinct charges, providing guidance to faculty in the area of accreditation and accountability as well as providing guidance in the area of student learning, instruction, and assessment; and

Whereas, In order to best serve faculty in two important areas, the Executive Committee for the Academic Senate for California Community Colleges believes the Accreditation and Student Learning Outcomes Committee should be separated into two committees, the Accreditation Committee and the Student Learning and Assessment Committee;

Resolved, That the Academic Senate for California Community Colleges amend its Rules to revise Section V. A. 1. as follows “Accreditation and Student Learning Outcomes Committee”; and

Resolved, That the Academic Senate for California Community Colleges amend its Rules to insert Section V.A.14. as follows “Student Learning and Assessment Committee.”

MSC Disposition: Local Senates
Assigned: Executive Director
FALL 2010 PLENARY SESSION ADOPTED RESOLUTIONS

1.03  F10  Professional Development for Successful Implementation of SB 1440 and AB 2302
Carolyn Holcroft, Foothill College, Curriculum Committee

Whereas, SB 1440 (Padilla, 2010) and AB 2302 (Fong, 2010) stress the need for Senate responsibility for degree development and implementation, as well as establishing the most effective methods to inform students, counseling faculty, and the general public about the transfer pathways;

Whereas, Degree development is an academic and professional matter and under the purview of the Academic Senate for California Community Colleges; and

Whereas, Informing students about the transfer pathways and guiding them to efficiently follow the transfer degree requirements in a way that satisfies the students’ individual needs is a responsibility of counseling faculty of the California community colleges;

Resolved, That the Academic Senate for California Community Colleges provide professional development opportunities for counselors, articulation officers, curriculum chairs, and other faculty regarding the implementation of SB 1440 (Padilla, 2010) and AB 2302 (Fong, 2010).

MSC  Disposition:  Chancellor’s Office, Local Senates
Assigned:  President

1.04  F10  Use of Technology during Executive Committee Elections
Kathy Sorensen, American River College, Area A

Whereas, The Academic Senate for California Community Colleges promotes the use of appropriate technology in the classroom; and

Whereas, The election of members of the Executive Committee can take a disproportionate amount of time;

Resolved, That the Academic Senate for California Community Colleges explore the use of appropriate technology to expedite the election process and report no later than the Fall 2011 Plenary Session.

MSC  Disposition:  Local Senates
Assigned:  Standards and Practices Committee

1.05  F10  Creation of a Part-Time Faculty Member of the Year Award
Denise Cabanel-Bleuer, Orange Coast College

Whereas, California community college part-time faculty are invaluable partners in ensuring student success by providing high quality instruction and dedication to their profession;
FALL 2010 PLENARY SESSION ADOPTED RESOLUTIONS

Whereas, California community college part-time faculty contribute significantly to campus enrichment through activities such as serving on committees and as faculty advisors and participating in departmental, divisional, and campus-wide activities such as curriculum development, assessment, and program review; and

Whereas, There are various awards that recognize faculty excellence that, although open to all faculty, historically advantage full-time faculty;

Resolved, That the Academic Senate for California Community Colleges create a yearly award for a part-time faculty member that recognizes excellence in teaching and outstanding contributions to the campus environment and to student success and that the award amount and presentation be consistent with other comparable faculty awards given by the Academic Senate for California Community Colleges.

MSC Disposition: Local Senates
Assigned: Standards and Practices Committee

2.0 ACCREDITATION
2.01 F10 Federalization of Higher Education
   Greg Gilbert, Copper Mountain College, Area D

Whereas, The U.S. Department of Education appears set on shifting the oversight of American higher education from institutions of higher learning and regional accrediting agencies to the federal government;

Whereas, Efforts by the U.S. Department of Education to regulate higher education are evidenced by its stated goal of establishing a credit hour that requires measurable outcomes for every class hour;

Whereas, Council of Higher Education Accreditation (CHEA) President Judith Eaton stated recently that “The worth of higher education is determined less and less through the professional judgments made by the academic community” (Inside Education July 2010) and that the growing belief in Washington D.C. is that self-regulating peer review represents “a conflict of interest” because the exchange of fees for peer review compromises rigor (Inside Accreditation August 2010); and

Whereas, Institutions of higher learning (including students, faculty, administrators, trustees), taxpayers, and, indeed, the democratizing power of education would be irreparably harmed by a federal takeover of higher education and accreditation because it would result in increasingly restrictive regulations, less responsive curricula, bloated government bureaucracies, and unfunded comply-and-report mandates that divert time and resources away from the classroom;

Resolved, That the Academic Senate for California Community Colleges conduct research and explain to the field the U.S. Department of Education’s specific reasoning and desired outcomes concerning an increase in the federal oversight of higher education;
Resolved, That the Academic Senate for California Community Colleges share its findings throughout the California Community College System, as well as with the Intersegmental Committee of Academic Senates and Western Association of Schools and Colleges/Accrediting Commission of Community and Junior Colleges in an effort to facilitate a coordinated, unified discussion with and response from California’s higher education community and regional accrediting organizations that include

1. Strategies for balancing requirements for accountability with independent decision making at the local level;

2. Processes, including budgetary planning, to supplement the Academic Senate’s already considerable assistance to local senates regarding issues of accountability;

3. Methods for articulating and defending those principles of academic freedom, effective pedagogy, and local decision making that must endure for the sake of our students, disciplines, profession, and, indeed, for the preservation of the independence of thought that is fundamental to American higher education; and

Resolved, That the Academic Senate for California Community Colleges generate a timely response that will be of vital importance if California’s educators, as well as those across the nation, are to have a voice in influencing the U.S. Department of Education prior to the solidifying of federal accountability into a system of intransigent regulations.

MSC Disposition: Local Senates
Assigned: Accreditation Committee

6.0 STATE AND LEGISLATIVE ISSUES
6.01 F10 Evaluation and Revision of Financial Aid Systems
   Dolores Davison, Foothill College, Executive Committee

Whereas, The majority of California community college students are eligible for some form of federal or state financial aid;

Whereas, Students remain in classes even when failing because they fear losing their financial aid, therefore engaging in unproductive and inefficient behaviors; and

Whereas, Students may accumulate excessive units by enrolling in and completing courses solely in order to retain their financial aid, and the Board of Governors (BOG) fee waivers set no limit on the number of units students may accrue while attending college under a BOG fee waiver;

Resolved, That the Academic Senate for California Community Colleges urge state and federal officials to evaluate and revise the current financial aid system in order to incentivize more productive and academically sound behavior by students.

MSC Disposition: Chancellor’s Office, Local Senates
Assigned: Counseling and Library Faculty Issues Committee and President
6.02 F10 Duration of Interim Appointments
David Morse, Long Beach City College

Whereas, Title 5 §53021 provides that "no interim appointment or series of interim appointments exceed one year in duration" and that even with the approval of the Chancellor extensions of such appointments may not exceed a second year;

Whereas, Title 5 §53201 has been violated in various instances at community colleges throughout the State of California, with some interim appointments lasting as long as six years;

Whereas, The Joint Equal Employment Opportunity, Diversity, and Title 5 EEO Advisory Committee has recommended a change to Title 5 that would limit interim appointments to a fixed duration of two years without the possibility of exceptions granted by the Chancellor’s Office; and

Whereas, The Title 5 change proposed by the Joint Equal Employment Opportunity, Diversity, and Title 5 EEO Advisory Committee has been discussed and viewed favorably during plenary session breakouts of the Academic Senate for California Community Colleges and in other venues;

Resolved, That the Academic Senate for California Community Colleges pursue the proposed change to Title 5 that would set a hard limit of two years on interim administrative appointments without the possibility of extension.

MSC Disposition: Chancellor’s Office, Local Senates
Assigned: President

6.03 F10 Examining SB 1143 Best Practices and Models for Accomplishing Student Success
Wheeler North, San Diego Miramar College

Whereas, SB 1143 (Liu, 2010) calls for the Board of Governors to develop a plan to promote and improve student success and examine specified best practices and models for accomplishing student success;

Whereas, The Chancellor’s Office is developing a task force to begin developing these plans, and they are examining a number of existing student success projects such as Completion by Design, Complete to Compete, Complete College America, and the American Diploma Project; and

Whereas, Local implementation of some of these models and activities is already occurring;

Resolved, That the Academic Senate for California Community Colleges study the many strategies being recommended for student success by external organizations and research their potential effect on community colleges to inform the faculty representatives on the SB 1143 task force and report as necessary to the body.
FALL 2010 PLENARY SESSION ADOPTED RESOLUTIONS

MSC Disposition: Chancellor’s Office, Local Senates
Assigned: Futures Committee

7.0 CONSULTATION WITH THE CHANCELLOR

7.01 F10 Basic Skills and Student Success Efforts
Candace Lynch-Thomson, School of Continuing Education, North Orange County CCD, Basic Skills Committee

Whereas, SB 1143 (Liu, 2010) directs the Board of Governors “to adopt a plan for promoting and improving student success within the California community colleges and to establish a task force to examine specified best practices and models for accomplishing student success. … The bill would require the board, prior to implementation of the plan, to report the contents of the plan, and the recommendations of the task force, to specified legislative committees by March 1, 2012”;

Whereas, 75-90% of California community college students who take a placement test place into basic skills in at least one subject; and

Whereas, Students with needs for basic skills development are diverse in age, preparation level, income level, ethnicity, and intellectual ability;

Resolved, That the Academic Senate for California Community Colleges work with the Chancellor’s Office and task force to ensure that the basic skills needs of students are addressed as a central part of the work undertaken by the SB 1143 (Liu, 2010) task force.

MSC Disposition: Chancellor’s Office, Local Senates
Assigned: President and Futures and Basic Skills Committee

7.02 F10 Commission on the Future
Lesley Kawaguchi, Santa Monica College, Executive Committee

Whereas, The Community College League of California (CCLC) Commission on the Future has met over a period of time and identified recommendations regarding student success for the future actions of the California community colleges over the next ten years; and

Whereas, Many of the recommendations of the Commission on the Future properly fall under the areas defined as “academic and professional matters” as defined in Title 5 regulations and as such are the responsibility of faculty and of the Academic Senate for California Community Colleges; and

Whereas, The California Community College System already has an established process for sending recommendations to the Board of Governors through the Consultation Council established Sections 330-342 in the Standing Orders of the Board of Governors;

Resolved, That the Academic Senate for California Community Colleges remind the Chancellor’s Office that any recommendation developed by the CCLC Commission on the
Future and any implementation plan go through the Consultation Council, which includes faculty from the Academic Senate for California Community Colleges; and

Resolved, That the Academic Senate for California Community Colleges urge that implementation of all recommendations dealing with “academic and professional matters” at both the state and local level be carried out in a manner consistent with Title 5 regulations by relying primarily on the input of faculty through the Academic Senate for California Community Colleges or local academic senates.

MSC Disposition: Chancellor’s Office, Local Senates, CCLC
Assigned: President

7.03 F10 SB 1440 Long Term Impact Research
Wheeler North, San Diego Miramar College, Executive Committee

Whereas, The recently signed SB 1440 (Padilla, 2010) intends to improve the ability of students to transfer from California community colleges to California State Universities (CSU);

Whereas, The impact of this law will potentially affect enrollment patterns and other existing patterns of service and instruction provided to students by California community colleges;

Whereas, While the bill requires research on student transfer and success rates, nothing in SB 1440 (Padilla, 2010) requires research into possible unintended or undesirable consequences; and

Whereas, Now is the time to establish a research plan and baseline metrics for research to ensure California community colleges and CSUs continue to meet the needs of all our students and communities;

Resolved, That the Academic Senate for California Community Colleges work collaboratively with the Chancellor’s Office and other system constituents to develop a research plan and current baseline metrics that will comprehensively examine the long-term impact of SB 1440 (Padilla, 2010) on enrollment trends as well as the instructional and service needs of our non-transfer and transfer students.

MSC Disposition: Chancellor’s Office, Local Senates
Assigned: Educational Policies Committee

7.04 F10 Faculty Primacy and SB 1143 Implementation Task Force
Wheeler North, San Diego Miramar College, Area D

Whereas, SB 1143 (Liu, 2010) calls for a task force to make recommendations on student success and the metrics used to measure success; and

Whereas, By law and regulation the advice of the Academic Senate must be relied primarily upon in all academic and professional matters, and student success is an academic and professional matter;
Resolved, That the Academic Senate for California Community Colleges seek to assure that a majority of faculty exists on all task forces or committees leading to the statewide development of student success definitions and assessment metrics; and

Resolved, That the Academic Senate for California Community Colleges recommend that a majority of faculty exist on all task forces or committees leading to the local development of student success definitions and assessment metrics.

MSC Disposition: Chancellor’s Office, Local Senates
Assigned: President

7.05 F10 Commission on the Future Recommendations
Phil Smith, Los Rios CCD

Whereas, The Community College League of California (CCLC) Commission on the Future has met over a period of time and identified large-scale recommendations to promote student success over the next ten years;

Whereas, Processes for promoting student success are clearly academic and professional matters;

Whereas, The Commission on the Future included only two faculty members, neither of whom were appointed by the Academic Senate for California Community Colleges; and

Whereas, The Academic Senate for California Community Colleges only considers supporting policy recommendations after a full vetting by its members;

Resolved, That the Academic Senate for California Community Colleges request to review and consider any recommendations or implementation plans proposed by the CCLC’s Commission on the Future; and

Resolved, That Academic Senate for California Community Colleges urge CCLC to follow the established consultation process for sending recommendations to the Board of Governors as stated in Sections 330-342 of the Board of Governors’ Standing Orders.

MSC Disposition: Local Senates, CCLC
Assigned: President

9.0 CURRICULUM
9.01 F10 Developing a Reference Document for Curriculum
David Morse, Long Beach College, Curriculum Committee

Whereas, Curriculum committee chairs and members frequently encounter questions regarding curriculum regulations and procedures for which they do not have ready answers;
FALL 2010 PLENARY SESSION ADOPTED RESOLUTIONS

Whereas, A “frequently asked questions” reference or other similar document would prove a valuable tool for curriculum committees in addressing such questions or issues;

Whereas, A formally developed reference document will present more consistent and detailed responses to inquiries from curriculum chairs than replies made on an individual basis; and

Whereas, A curriculum reference document published on the Academic Senate’s Curriculum Website would provide hyperlinks to relevant sections of Title 5 or Education Code, thus allowing curriculum chairs to bypass the inconvenience posed by currently available search tools;

Resolved, That the Academic Senate for California Community Colleges develop a reference document or tool designed expressly for curriculum chairs and curriculum committees that offers information and advice regarding commonly posed questions on curricular regulations and procedures and make that reference tool available through the Academic Senate Curriculum Website and other appropriate methods.

MSC Disposition: Local Senates
Assigned: Curriculum Committee

9.02 F10 Examining Conversion from TOP to CIP
Dianna Chiabotti, Napa Valley College, Executive Committee

Whereas, Resolution 21.01 F99 asked for review and updating of Taxonomy of Programs (TOP) codes, including an annual revision to accommodate federal Classification of Instructional Programs (CIP) codes, which are used nationally except in the California community colleges;

Whereas, The System Advisory Committee on Curriculum has been in discussions regarding the steps and factors that would be necessary to convert from TOP to CIP code use in the California community colleges and recommends that a few disciplines be invited to participate in a pilot project to see how much work is involved in making the switch;

Whereas, TOP code revisions should be conducted with direct input from faculty; and

Whereas, Converting from TOP to CIP will also involve many aspects of college functioning (e.g., fiscal reporting, faculty work load, career technical education reporting) beyond faculty and curriculum committee participation;

Resolved, That the Academic Senate for California Community Colleges recommend representatives of various disciplines work with the Chancellor’s Office on the issues of converting from TOP to CIP codes for courses; and

Resolved, That the Academic Senate for California Community Colleges work with the Chancellor’s Office to provide communication and implementation strategies if a greater conversion of TOP to CIP codes is inaugurated.
FALL 2010 PLENARY SESSION ADOPTED RESOLUTIONS

MSC  Disposition:  Chancellor’s Office, Local Senates
Assigned:  SACC Representatives

9.03  F10  Faculty Responsibilities for CB and SP Codes
      Stephanie Dumont, Golden West College, Executive Committee

Whereas, The System Advisory Committee on Curriculum is undertaking a review of Course Data Elements (CB) and Student Program Awards (SP) codes to ensure that they accurately reflect program and curriculum development and intention, and faculty around the state will want to contribute to the final results of any significant changes to the codes;

Whereas, CB and SP codes are used to track student performance and college curriculum work, and as was seen with changes to CB 21 and 22, correct coding can greatly affect perceptions about student achievement;

Whereas, The validity of these coding elements is dependent on faculty knowledge of and correct use of coding and how it is applied locally, as well as regular faculty review of the elements; and

Whereas, Local curriculum committees should also be aware of the importance of the codes and how selecting a code can change how a course is tracked, funded or used;

Resolved, That the Academic Senate for California Community Colleges encourage local faculty participation in review of any proposed changes to CB or SP codes that significantly affect curriculum and program development or tracking; and

Resolved, That the Academic Senate for California Community Colleges encourage local curriculum committees to review and monitor the application of CB codes and provide them with guidance as to how to correctly apply them to a course.

MSC  Disposition:  Chancellor’s Office, Local Senates
Assigned:  Curriculum Committee

9.04  F10  College Level Examination Program (CLEP) Exam Applicability to Associate Degree General Education Requirements
        Estela Narrie, Santa Monica College, Transfer and Articulation Committee

Whereas, California community college students may only receive associate’s degree general education credit for a College Level Examination Program (CLEP) exam if equivalency for a course or an associate degree general education area has been locally established;

Whereas, Many students attend more than one California community college, and CLEP course equivalencies may not exist or may vary greatly among the California community colleges;
Whereas, For many enlisted military personnel, completing formal college courses may be difficult due to deployments, work schedules, and other factors, and CLEP exams have made earning college credits a realistic possibility for these individuals; and

Whereas, CLEP general education subject area applicability exists system-wide for students completing California State University General Education Breadth (CSU GE), but the University of California does not accept CLEP exams for credit under the Intersegmental General Education Transfer Curriculum (IGETC) pattern;

Resolved, That the Academic Senate for California Community Colleges research the feasibility of a system-wide policy template regarding the use of CLEP exams for meeting associate degree general education requirements;

Resolved, That the Academic Senate for California Community Colleges develop a system-wide policy template regarding the use of CLEP exams for meeting associate degree general education requirements if the research shows it to be feasible; and

Resolved, That the Academic Senate for California Community Colleges urge the University of California and California State University systems to consider accepting CLEP exams for credit under the IGETC pattern in order to facilitate student transfer.

MSC Disposition: Local Senates, ICAS
Assigned: Transfer and Articulation Committee

9.05 F10 Adopt and Publicize California Community College International Baccalaureate List and Template
Christie Jamshidnejad, Diablo Valley College, Transfer and Articulation Committee

Whereas, Resolution 9.01 S10 "International Baccalaureate (IB) Exam Applicability to Associate Degree General Education Requirements" called for the development of a suggested system-wide policy template regarding the use of IB scores for meeting associate degree general education requirements for local consideration and potential adoption;

Whereas, Title 5 outlines specific general education area requirements that each college must include for the associate degree (Title 5 §55063, Minimum Requirements for the Associate Degree), and an increasing number of students are requesting general education credit based on IB scores; and

Whereas, Articulation Officers throughout the California Community College System support the development of a California community college general education (CCC GE) IB score equivalency list that is aligned with the California State University (CSU) GE and Intersegmental General Education Transfer Curriculum (IGETC) IB score equivalency lists;

Resolved, That the Academic Senate for California Community Colleges urge local senates to consider adoption and implementation of the proposed CCC GE IB score equivalency list; and
Resolved, That the Academic Senate for California Community Colleges encourage local senates to use the proposed CCC GE score equivalency list to publish the CCC GE, CSU GE and IGETC IB score equivalency lists in college catalogs, schedules, and websites.

MSC Disposition: Local Senates, ICAS
Assigned: Transfer and Articulation Committee

9.06 F10 Adopt the Guiding Principles for SLO Assessment Paper
David Morse, Long Beach City College, Executive Committee

Whereas, Faculty at many California community colleges have struggled to develop and implement effective practices for student learning outcomes (SLO) assessment while feeling pressure from both college administrations and outside forces to conduct SLO assessment in ways that may be ineffective and even counter-productive;

Whereas, SLO assessment, when conducted thoughtfully and effectively through processes developed and led by faculty, can be both beneficial and productive for faculty and students; and

Whereas, Academic Senate resolution 2.03 S08 called for the Senate to “research and communicate guiding principles of good practice in the collection, analysis, and use of assessment data”;

Resolved, That the Academic Senate for California Community Colleges adopt the paper *Guiding Principles for SLO Assessment*.

MSC Disposition: Local Senates
Assigned: Executive Director

9.07 F10 Expediting the Flexibility in Approval of SB 1440 Degrees
Beth Smith, Grossmont College, Curriculum Committee

Whereas, Intersegmental faculty discipline groups are meeting to determine major preparation for SB 1440 (Padilla, 2010) degrees, and these groups will meet throughout the year;

Whereas, Local processes may not be able to accommodate the time schedules for development and approval of these degrees; and

Whereas, Flexibility within local processes will help curriculum committees in the approval process of these new degrees;

Resolved, That the Academic Senate for California Community Colleges inform local curriculum committees that SB 1440 (Padilla, 2010) degrees may be developed late in the year and that flexibility within the local approval process will benefit students; and
Resolved, That the Academic Senate for California Community Colleges encourage local senate presidents to inform their boards that SB 1440 (Padilla, 2010) degrees will be under development during the year and recommend that any accommodations and flexibility that can expedite degree approval throughout the year will be beneficial for students.

MSC  Disposition: Local Senates  
Assigned: Curriculum and Relations with Local Senates Committees

9.08  F10  Credit by Exam Processes  
Nancy Persons, Santa Rosa Junior College, Curriculum Committee

Whereas, National and state interest in decreasing time to degree completion and increasing degree production has resulted in an interest in finding novel ways to meet these goals;

Whereas, The Academic Senate for California Community Colleges has been active in determining whether and how existing competency-based exams (e.g., College Level Examination Program, International Baccalaureate, Advanced Placement) can be translated into course credit; and

Whereas, “Credit by exam” is a mechanism long in existence that can be used to award credit for demonstrated learning;

Resolved, That the Academic Senate for California Community develop and disseminate information to local academic senates regarding effective practices for using credit by exam to recognize learning gained through alternative mechanisms;

Resolved, That the Academic Senate for California Community Colleges encourage local academic senates to ensure that students are aware of the existing mechanisms for earning credit through exam processes; and

Resolved, That the Academic Senate for California Community Colleges recommend that local academic senates consider the needs of their local communities and strive to ensure that all appropriate exam opportunities are available.

9.09  F10  Golden Four Grades in New Transfer Degrees  
Michelle Pilati, Rio Hondo College, Executive Committee

Whereas, SB 1440 (Padilla, 2010) has been signed into law, with one of its primary goals to decrease student accumulation of units as they complete a degree and prepare to transfer;

Whereas, Resolution 4.03 S10 recognized that a “transfer degree” was imminent and called for the Academic Senate to “strongly encourage all local senates to ensure that students are provided
with the degree options that meet their needs, be that aligning degree requirements with transfer institutions or offering degrees that serve as preparation for work”; and

Whereas, The California State University currently requires completion in the areas of the “Golden Four” with a minimum grade of “C” for transfer admission (i.e., A3--critical thinking, A1--communication, A2--English composition, and B4--quantitative reasoning) but not included in SB 1440;

Resolved, That the Academic Senate for California Community Colleges strongly urge requiring a minimum grade of “C” in the “Golden Four” in any associate degree for transfer.

9.10 F10 Double-Counting GE and Major Courses in New Transfer Degrees
Paul Setziol, De Anza College, Educational Policies Committee

Whereas, The practice commonly referred to as “double-counting” allows students to count a qualifying course toward both general education and major/area of emphasis requirements;

Whereas, Double-counting is common practice in the University of California (UC) and California State University (CSU) systems, and the majority of California community colleges;

Whereas, SB 1440 (Padilla, 2010) rewards students for completing both lower division general education (GE) patterns (Intersegmental GE Transfer Curriculum or CSU GE, which amount to approximately 35 semester units) and 18 units of major preparation prior to transfer; and

Whereas, One obvious and academically appropriate means of decreasing “unit accumulation” is the practice of “double-counting,” and some California community colleges disallow double-counting, which will make it more difficult for their students to benefit from SB 1440 (Padilla, 2010);

Resolved, That the Academic Senate for California Community Colleges strongly urge local senates to review and, as often as possible, reform local policy to allow double-counting to qualify a course toward both general education and major/area of emphasis requirements.

9.11 F10 Adopt Paper Student Success: The Case for Establishing Prerequisites Through Content Review
Beth Smith, Grossmont College, Executive Committee

Whereas, Efforts to establish prerequisites through content review are underway, and interest in content review has increased around the state;
Whereas, In order to support state and local discussions, a resource with rationale for rigorous content review for establishing prerequisites and supporting ideologies for student success will assist local senates and leaders across the state; and

Whereas, Content review, as a method to establish prerequisites, involves discipline faculty and curriculum committees in an objective review of the knowledge and skills students must acquire in order to achieve success, and a detailed examination of the course outline of record in the content review process will re-establish the standards and expectations for maintaining quality instruction;

Resolved, That the Academic Senate for California Community Colleges adopt the paper Student Success: The Case for Establishing Prerequisites Through Content Review.

9.12 F10 SB 1440 – Universal CSU Transferability
Wheeler North, San Diego Miramar College, Area D

Whereas, It is the intent of SB 1440 (Padilla, 2010) to improve student transfer by decreasing the complexity of transfer and the unique requirements of the 23 California State University (CSU) campuses that are a primary source of confusion for students preparing to transfer;

Whereas, SB 1440 permits each of the 112 California community colleges to develop a variety of unique degrees which would not provide the opportunity to develop programs based on statewide coordination (i.e., the ability to transfer to any CSU where that major or a similar major exists) where possible; and

Whereas, SB 1440 does not prohibit the development of model curriculum in each transfer major;

Resolved, That the Academic Senate for California Community Colleges support the development of transfer model curriculum in majors and areas of emphasis through the Course Identification Numbering System (C-ID).

9.13 F10 Support of Maintaining Academic Standards for Alcohol and Drug Academic Program
Barbara Croteau, Santa Rosa Junior College

Whereas, The California Association of Alcohol and Drug Educators has for the last 25 years been funded by the California Department of Alcohol and Drugs to provide high academic education standards for over 40 community colleges;
Whereas, An effective alcohol and drug academic program in community college provides students with the highest level of education available, and a faculty that ascribes to those high standards is necessary to maintain the level of academic quality; and

Whereas, Current state legislative policy discussions would permit the use of lower academic standards within the field of alcohol and drug education;

Resolved, That the Academic Senate for California Community Colleges work with the California Association of Alcohol and Drug Educators to ensure faculty participation in any changes to academic programs in alcohol and drug education; and

Resolved, That the Academic Senate for California Community Colleges work with the Department of Alcohol and Drugs to ensure that any changes in academic standards meet both the Academic Senate and the Chancellor’s Office minimum faculty qualifications and curriculum standards.

10.0 DISCIPLINES LIST
10.01 F10 Reconsideration for Adding Art History to the Disciplines List
Bob Grill, College of Alameda, Area B

Whereas, The Academic Senate for California Community Colleges voted down a previous proposal for the creation of Art History as a separate discipline on the 2007 Disciplines List and the current Academic Senate process requires that resubmitted proposals provide substantively different rationale and come forward either as a resolution from a Senate area meeting or as a resolution from the floor of plenary session;

Whereas, The previous proposal failed because of the potential impact on smaller colleges in assigning disciplines; however, adding Art History to the Disciplines List does not require local senates to assign any courses to the new discipline but, rather, allows local colleges with larger programs in Art History to assign courses to that discipline and to hire, retain, and promote qualified faculty to develop and teach courses and degrees in Art History at a level commensurate with other systems of higher education where students are likely to transfer upon completion of lower division major transfer preparation at a community college;

Whereas, The Master of Fine Arts (MFA) in studio arts is insufficient academic preparation to teach Art History courses, as a student earning an MFA in the CSU or UC system can do so by completing an average minimum of 12 semester units—out of the 180 - 210 semester units required for a Bachelor of Arts/Bachelor of Fine Arts, MFA sequence—in Art History across both their baccalaureate and masters programs; and
FALL 2010 PLENARY SESSION ADOPTED RESOLUTIONS

Whereas, The College Art Association, the primary professional association for art history and studio arts, in 2009 revised their “Standards of Retention and Tenure of Art Historians” to include specific standards for Art Historians at two-year colleges that are reflected in this proposal;

Resolved, That the Academic Senate for California Community Colleges include in its current Discipline List Revision process a recommendation to the Board of Governors to add Art History as a separate discipline for inclusion in the “Minimum Qualifications for Faculty and Administrators in California Community Colleges” based on the rationale outlined in the attached proposal.

12.0  FACULTY DEVELOPMENT
12.01  F10  Developing Goals for Faculty Development Committees
Jon Drinnon, Merritt College

Whereas, Due to the state budget crisis, funds for professional development are being routinely slashed for colleges across the state, and as a result faculty development opportunities and activities, which are the lifeblood of our faculty and a major component of student success, are being cut;

Whereas, Re-educating and enriching faculty professionally is an essential component of faculty growth and student success and a key component of AB 1725;

Whereas, According to a survey conducted by the Academic Senate for California Community Colleges, 75% of 58 colleges responding indicated that they had no stated goals or outcomes for their professional development committees; and

Whereas, In order to restore funding to appropriate levels now or in the future we need to mount a unified movement for appropriate professional development funding among all our constituent groups;

Resolved, That the Academic Senate for California Community Colleges urge local academic senates to require that their faculty development committees create outcomes and goals for their committees;

Resolved, That the Academic Senate for California Community Colleges encourage local senates and faculty development committees to work with their administrations to make faculty development a high priority on their campuses and to look for creative alternatives to provide professional development funding for faculty; and

Resolved, That the Academic Senate for California Community Colleges create a coalition of Faculty Development groups inviting participation of the following: the Faculty Association of California Community Colleges faculty development committee, California Community College

13.0 GENERAL CONCERNS

13.01 F10 Fostering Dialog between Adult Education and Noncredit
Rey Ortiz, College of the Desert, Noncredit Committee

Whereas, Adult education and community college noncredit programs share a common origin, both having emerged from the K-12 system in response to the particular needs of adult learners for educational options that are not part of credit programs and the future of these two types of programs is also intertwined;

Whereas, Both adult education and community college noncredit programs face similar funding challenges, with all state adult education funds now open to “flexibility” usage by underfunded K-12 districts and noncredit courses and programs receiving lesser funding;

Whereas, Both K-12 adult education and community college noncredit serve adult learners, which has given rise to a wide variety of locally-determined approaches to serving this specific student population in their communities and which needs to be recognized by and included in the California Department of Education’s strategic plan for adult education; and

Whereas, Improved communication and coordination between adult education instructors and community college noncredit faculty are essential in order to better serve the needs of local communities and to respond to challenges, including budgetary reductions;

Resolved, The Academic Senate for California Community Colleges encourage noncredit faculty statewide and the members of the Academic Senate’s Noncredit Committee to engage in discussion with representatives of the California Department of Education’s Adult Education Division about the future of adult education/noncredit programs in the State of California.

Whereas, SB 1143 (Liu, 2010) requires the Board of Governors (BOG) to adopt a plan for promoting and improving student success within the California community colleges and to establish a task force to examine specified best practices and models for accomplishing student success;
FALL 2010 PLENARY SESSION ADOPTED RESOLUTIONS

Whereas, SB 1143 (Liu, 2010) requires the task force to develop and present specified recommendations to the BOG for incorporation into a plan to improve student success and completion within the California community colleges; and

Whereas, Faculty are central to student success and student completion and are best positioned to develop metrics used to establish and measure student success that are critical to the development of a system-wide plan for student success;

Resolved, That the Academic Senate for California Community Colleges define student success and identify best practices and models for accomplishing student success;

Resolved, That the Academic Senate for California Community Colleges include student input and perspectives in the development of student success metrics;

Resolved, That the Academic Senate for California Community Colleges assert the primacy of our definition of student success to the Board of Governors; and

13.03 F10 Academic Freedom: New Recommendations
Dianna Chiabotti, Napa Valley College, Executive Committee

Whereas, In the Garcetti v. Caballos court decision of 2006, the U.S. Supreme Court majority ruled that when public employees such as faculty speak, “pursuant to their official duties, the employees are not speaking as citizens for First Amendment purposes, and the Constitution does not insulate their communications from employer discipline”;

Whereas, In response to the above case and the more recent cases of Hong v. Grant, Renken v. Gregory, and Gorum v. Sessions the American Association of University Professors (AAUP) created a subcommittee in 2006 for the purpose of “surveying the landscape of legal and professional protections for academic freedom at public colleges and universities”; and

Whereas, The AAUP’s subcommittee has recommended three options of proposed policy language that may be incorporated in faculty handbooks as follows:

1. Academic freedom is the freedom to discuss all relevant matters in the classroom, to explore all avenues of scholarship, research, and creative expression, and to speak or write without institutional discipline or restraint on matters of public concern as well as on matters related to professional duties and the functioning of the University. Academic responsibility implies the faithful performance of professional duties and obligations, the recognition of the demands of the scholarly enterprise, and the candor
to make it clear that when one is speaking on matters of public interest, one is not speaking for the institution.

2. Academic freedom is the freedom to teach, both in and outside the classroom, to conduct research and to publish the results of those investigations, to address any matter of institutional policy or action whether or not as a member of an agency of institutional governance. Professors should also have the freedom to address the larger community with regard to any matter of social, political, economic, or other interests, without institutional discipline or restraint, save in response to fundamental violation of professional ethics or statements that suggest disciplinary incompetence; or

3. Academic freedom is the freedom to teach, both in and outside the classroom, to conduct research and to publish the results of those investigations, and to address any matter of institutional policy or action whether or not as a member of an agency of institutional governance. Professors should also have the freedom to speak to any matter of social, political, economic, or other interest to the larger community, subject to the academic standard of conduct applicable to each. (AAUP, 2010, pp. 87-88)

Resolved, That the Academic Senate for California Community Colleges recommend that local senates review their current policy on academic freedom to determine if it is aligned with the latest AAUP perspective;

Resolved, That the Academic Senate for California Community Colleges encourage local senates to refine and/or develop a policy on academic freedom that reflects the current AAUP perspective; and

Resolved, That the Academic Senate for California Community Colleges encourage local senates to include such a policy in faculty handbooks and board policies, and collaborate with unions to ensure that the rights delineated in such policies are protected.

13.05 F10 Providing Part-time Faculty with Adequate Resources and Support
Jon Drinnon, Merritt College, Area B

Whereas, Community college budgets have been cut and resources and support limited for all faculty;

Whereas, Part-time faculty are particularly vulnerable to resource and support cuts since they have limited presence on campuses and often limited political power to protect and maintain an adequate level of resources and support; and

Whereas, Colleges and districts have a duty to protect academic integrity by maintaining the resources and support that all faculty, both full- and part-time, need to be effective educators;

FALL 2010 PLENARY SESSION ADOPTED RESOLUTIONS

Whereas, Myriad forces from both within and without the California Community College System have attempted to define and suggest measurements for student success, leading to varying understandings and definitions of the term;

Whereas, Models and definitions developed in other states may not transfer effectively or appropriately to the California Community College System; and

Whereas, Community college Boards of Trustees are required to rely primarily on or mutually agree with the local academic senate in matters relating to student success;

Steve Leone, Cuesta College, Area C

Whereas, Local senates and boards must consult collegially for board policy development with regard to academic and professional matters;

Whereas, Some districts subscribe to the board policy templates offered by the Community College League of California (CCLC) which are intended to be a starting point for local policy development;

Whereas, The CCLC templates provide technical assistance for the development of local board policies but creation of these policy templates without Academic Senate input can make local policy development more challenging and can lead to policies out of compliance with local senate purview; and

Whereas, Many if not all of the current CCLC board policy templates do not reflect the primary and mutual agreement responsibilities of the local academic senate;

Resolved, That the Academic Senate for California Community Colleges ask CCLC to involve the Academic Senate in the development and updating of board policy templates regarding academic and professional matters;

Resolved, That the Academic Senate for California Community Colleges review the content of the current CCLC board policy templates that are focused on topics within the purview of the local academic senates as established by Education Code and Title 5 regulations and make recommendations for changes to the templates to reflect the responsibilities of local senates; and

13.08 F10 Executive Order 1048, CSU Student Remediation
David Morse, Long Beach City College, Area D

Whereas, California State University (CSU) Executive Order 1048, “Early Start Program,” requires that beginning in “summer 2012, incoming freshmen who have not demonstrated proficiency in English and/or mathematics will be required to begin remediation prior to the term for which they have been admitted, e.g., summer prior to fall’’;

Whereas, Executive Order 1048 further allows that each individual CSU campus “will design a program for incoming freshmen to develop proficiency in mathematics and/or English before they enroll as matriculated freshmen”;

Whereas, One of the most commonly proposed responses to Executive Order 1048 at the CSU campuses is to have students needing remediation attend community college in the summer; and

Whereas, In the current economic climate and with limited summer resources, such an influx of CSU students could have a significant impact on access to classes in summer for native community college students;

Resolved, That the Academic Senate for California Community Colleges work in close consultation with the CSU System to ensure that responses to CSU Executive Order 1048 regarding remediation of underprepared incoming students do not unduly and negatively impact the California community colleges or community college students.

Whereas, The Academic Senate is committed to integrating part-time faculty into senate activities at the local and state level as stated in Part-Time Faculty: A Principled Perspective (2002); and
FALL 2010 PLENARY SESSION ADOPTED RESOLUTIONS

Whereas, The 2008 Educational Policy Committee found that most academic senates across the state appear to provide dedicated representation for part-time faculty (72.7%), but “Part-time Faculty: Where Are We Now?” (Rostrum, December 2008) noted that the presence of one or two part-time faculty serving on a local senate is a far cry from meaningful involvement of part-time faculty in the intellectual life of the institution; and

Whereas, No guidelines have been provided by the Academic Senate to aid local senates in developing bylaws that encourages recruitment, retention, and mentoring for integrating part-time faculty into senate activities;

Resolved, That the Academic Senate for California Community Colleges administer a comprehensive survey soliciting quantitative and qualitative information about local senates’ bylaws and best practices regarding the recruitment, encouragement, and inclusion of part-time faculty in the voice of the academic senate through such means as local senate executive committee participation, department representation, compensation, voting or non-voting status, and inclusion on senate and local committees; and

Whereas, The Legislative Analyst’s Office (LAO) recently released a paper (The Master Plan at 50: Using Distance Education to Increase College Access and Efficiency) proposing the widespread use of distance education to alleviate perceived problems with access to community colleges;

Whereas, Distance Learning courses are subject to legislative and reporting requirements, many of which include matters of compliance that could affect college apportionment or accreditation status; and

Whereas, Compliance with these legislative and reporting requirements place a large burden on distance learning coordinators when they are not provided adequate administrative and classified staff support;

Resolved, That the Academic Senate for California Community Colleges work with the Chancellor’s Office and other system constituents to develop a research plan that will comprehensively examine the impact of SB 1440 (Padilla, 2010) on enrollment trends and other instructional and service needs of our non-transfer, as well as transfer students.
Amend the resolve:

Resolved, That the Academic Senate for California Community Colleges work collaboratively with the Chancellor’s Office and other system constituents to develop a research plan and current baseline metrics that will comprehensively examine the long-term impact of SB 1440 (Padilla, 2010) on enrollment trends and as well as other instructional and service needs of our students.

MSF

Amend the fourth whereas:

Whereas, CLEP general education subject area applicability exists system-wide for students completing CSU GE Breadth, but the UC system does not accept CLEP exams for credit, and the UC and CSU do not accept CLEP exams under the IGETC pattern;

Strike the first resolve.

MSF

Whereas, The 18-semester-unit minimum requirement in a major or area of emphasis for an associate degree was adopted in Title 5 in the early 1980s, and since that time there has been no reexamination by the Academic Senate for California Community Colleges regarding the need for this specific minimum unit total;

Whereas, The Fall 2005 Academic Senate for California Community Colleges paper “What Is the Meaning of a California Community College Degree?” did not mention a specific major unit total, but spoke generally about students acquiring focused study in an academic area as an aspect of an associate degree;

Whereas, With the recent passage of SB 1440 (Padilla, 2010), California community colleges are required to have associate degrees for transfer to the California State University in place by fall 2011, and the 18-unit minimum requirement in a major or area of emphasis could force students who change majors to take a significant number of courses not needed to complete their transfer; and
Whereas, The California Community Colleges Transfer Center Directors’ organization and many CCC Articulation Officers, the faculty most expert in the area of transfer, have registered serious reservations as to the wisdom of maintaining 18 units in a major or area of emphasis;

Resolved, That the Academic Senate for the California Community Colleges form a task force, including transfer center directors and articulation officers, to conduct a focused study of the 18-semester-unit major or area of emphasis requirement for an associate degree and report the findings and recommendations of the task force at the Spring 2011 Plenary session.

13.05.01 F10 Amend Resolution 13.05 F10
Joe DeSantis, Copper Mountain College

Amend the second whereas:

Whereas, Part-time faculty are particularly uniquely vulnerable to resource and support cuts since they have due to their limited presence on campuses and often limited political power to protect and maintain an adequate level of in college and district decision making processes, particularly decisions regarding resources allocations and availability of support; and

Amend the resolve:

Resolved, That the Academic Senate for California Community Colleges work with local senates, faculty and student associations, the Chancellor’s Office, and other educational partners to advocate on behalf of a level of resources and support for part-time faculty in order to that can maintain an adequate teaching environment for them and learning environment for our community college students a professional and educational environment necessary for student success.

MSF

13.05.02 F10 Amend Resolution 13.05 F10
Darwin Smith, El Camino Compton Education Center

Add second whereas:

Whereas, California community colleges are progressively relying more on part-time faculty to resolve their faculty workload problems;
20.02 F10  Prioritization of Resident Students  
Dolores Davison, Foothill College, Executive Committee

Whereas, Current demand on California community colleges is at an all time high due to economic and employment factors;

Whereas, Because of limited resources many colleges are actively pursuing the creation of international centers outside of the country to attract and serve its students; and

Whereas, The primary responsibility of California community colleges apportionment-based instruction and services should be primarily focused on resident students;

Resolved, That the Academic Senate of California Community Colleges urge colleges to identify local priorities regarding instruction and sites in other countries, taking into consideration the effects on instruction, services and resources needed to educate resident students.
