RESOLUTIONS PROCESS OVERVIEW

In order to assure that deliberations are organized, effective, and meaningful, the Academic Senate uses the following resolution procedure:

- Pre-session resolutions are developed by the Executive Committee (through its committees) and submitted to the Pre-Session Area Meetings for review.
- Amendments and new pre-session resolutions are generated in the Area Meetings.
- The Resolutions Committee meets to review all pre-session resolutions and combine, re-word, append, or render moot these resolutions as necessary.
- Members of the Senate meet during the session in topic breakouts and give thoughtful consideration to the need for new resolutions and/or amendments.
- After all Session presentations are finished each day, members meet during the resolution breakouts to discuss the need for new resolutions and/or amendments. Each resolution or amendment must be submitted to the Resolutions Chair before the posted deadlines each day. There are also Area meetings at the Session for discussing, writing, and amending resolutions.
- New resolutions submitted on the second day of session are held to the next session unless the resolution is declared urgent by the Executive Committee.
- The Resolutions Committee meets again to review all resolutions and amendments and to combine, re-word, append, or render moot the resolutions as necessary.
- The resolutions are debated and voted upon in the general sessions on the last day of the Plenary Session.

Prior to plenary session, it is each attendee’s responsibility to read the following documents:

- Senate Delegate Roles and Responsibilities
- Plenary Session Resolution Procedures
- Resolution Writing and General Advice

New delegates are strongly encouraged to attend the New Delegate Orientation on Thursday morning prior to the first breakout session.
EXECUTIVE COMMITTEE RESOLUTIONS

RESOLUTIONS FOR DISCUSSION ON THURSDAY, APRIL 9, 2015

1.0 ACADEMIC SENATE
1.01 S15 Revise the Academic Senate Bylaws
Whereas, The Academic Senate for California Community Colleges is a 501(c)(6) nonprofit organization that is required to follow nonprofit laws and California Corporations Code, and the ASCCC bylaws serve as a foundational legal document that outlines the structure of the organization and provides an operational framework to comply with those laws;

Whereas, The Standards and Practices Committee was tasked to review the Academic Senate Bylaws, in consultation with legal counsel, to ensure that they were consistent with all previously adopted resolutions, clearly outlined the responsibilities of members of the Executive Committee, explained the structure of the Academic Senate and how decisions are made, and provided a framework that allows the Senate to effectively represent the faculty of the California community colleges in a manner consistent with all legal requirements; and

Whereas, The proposed revisions to the Bylaws were discussed during a breakout at the Fall 2014 Plenary Session and distributed to the body for comment during the beginning of 2015, and the majority of the feedback received supported the proposed revision;

Resolved, That the Academic Senate for California Community Colleges adopt the revised Academic Senate Bylaws and that the revised Bylaws take effect immediately following their approval.

Appendix A: Bylaws Table Format, Bylaws after Changes, and Bylaws Survey Feedback

1.02 S15 Revise the Academic Senate Rules
Whereas, The Academic Senate Rules outline election procedures for the Executive Committee, procedures for filling vacancies on the Executive Committee, and the relationship between the Academic Senate Foundation and the Executive Committee and list the Senate’s standing committees;

Whereas, The Standards and Practices Committee reviewed and revised the Rules to ensure that they were consistent with all applicable laws, Academic Senate policies and procedures, and the proposed revisions to the Academic Senate Bylaws; and

Whereas, The proposed revisions to the Rules were distributed to the body for comment during the beginning of 2015, and the majority of the feedback received supported the proposed revision;

Resolved, That the Academic Senate for California Community Colleges adopt the revised Academic Senate Rules and that the revised Rules take effect immediately following their approval.

Contact: Craig Rutan, Executive Committee, Standards and Practices Committee
Appendix B: Rules Table Format, Rules after Changes, and Rules Survey Feedback

*1.03 S15 Adopt the 2015-2018 ASCCC Strategic Plan
Whereas, Strategic planning is an important activity for any successful organization, as this activity provides clear direction and stability and ensures that the organization’s leadership is responsive to its members;
RESOLUTIONS FOR DISCUSSION ON THURSDAY, APRIL 9, 2015

Whereas, The initial draft of the strategic plan for the Academic Senate for California Community Colleges was created by the elected representatives of the Executive Committee with careful thought regarding the organization’s mission and purpose and thoughtful consideration of the Executive Committee members’ perceptions of the wishes of faculty statewide as well as attention to the future health and growth of the ASCCC; and

Whereas, The strategic plan for the Academic Senate for California Community Colleges was presented in draft form for feedback at the Fall 2014 Plenary Session and was vetted electronically in Spring 2015, offering broad opportunity for local academic senate leadership to help to shape the plan;

Resolved, That the Academic Senate for California Community Colleges adopt the 2015-2018 ASCCC Strategic Plan.

2.0 ACCREDITATION
*2.01 S15 Disaggregation of Learning Outcomes Data
Whereas, The revised accreditation standards adopted in June 2014\(^1\) by the Accrediting Commission for Community and Junior Colleges (ACCJC) state in Standard I, Institutional Mission and Effectiveness, the following:

- Quantitative and qualitative data are disaggregated for analysis by program type and mode of delivery, (I.B.5) and
- The institution disaggregates and analyzes learning outcomes and achievement for subpopulations of students. When the institution identifies performance gaps, it implements strategies, which may include allocation or reallocation of human, fiscal and other resources, to mitigate those gaps and evaluates the efficacy of those strategies, (I.B.6); and

Whereas, Concerns have been expressed from the field regarding how to meet the requirements for disaggregation of data and the extent to which such disaggregation is feasible to yield meaningful analysis;

Resolved, That the Academic Senate for California Community Colleges facilitate a conversation in the field, through breakout sessions, *Rostrum* articles, or other means deemed appropriate by the Executive Committee, regarding the disaggregation of learning outcomes data and the means by which colleges can meet or exceed the requirements of accreditation Standard I.B.6 adopted by the Accrediting Commission for Community and Junior Colleges in June of 2014.

RESOLUTIONS FOR DISCUSSION ON THURSDAY, APRIL 9, 2015

6.0  STATE AND LEGISLATIVE ISSUES

6.01  S15  Oppose Expansion of Former CPEC Mission and Creation of a Higher Education Oversight Body That Does Not Contain Segmental Representation

Whereas, California law establishes the California Postsecondary Education Commission (CPEC) as the coordinating and planning agency for statewide postsecondary education, but CPEC was defunded by the governor in 2011 and its statutory functions did not include oversight of higher education;

Whereas, SB 42 (Liu, 2015, as of December 2, 2014), according to the Legislative Council’s Digest, “would change the composition of, and rename, CPEC as the California Commission on Higher Education Performance and Accountability, and would recast and revise its various functions and responsibilities,” significantly broadening the previous functions of CPEC;

Whereas, Among the functions assigned to the California Commission on Higher Education Performance and Accountability under SB 42 (Liu, 2015, as of December 2, 2014) is to “increase educational achievement in postsecondary educational institutions, close educational achievement gaps, and prepare citizens for the workforce,” which demonstrates the potentially intrusive and inappropriate new scope of the proposed commission charge; and

Whereas, SB 42 (Liu, 2015, as of December 2, 2014) specifically excludes segmental representation on the California Commission on Higher Education Performance and Accountability, stating that “a person who is employed by any institution of public or private postsecondary education shall not be appointed to or serve on the commission, except that a person who is not a permanent, full-time employee and who has part-time teaching duties that do not exceed six hours per week may be appointed to and serve on the commission,” thus ensuring that a commission composed of individuals who may not have understanding of higher education will have an oversight role in California higher education;

Resolved, That the Academic Senate for California Community Colleges oppose SB 42 (Liu, 2015, as of December 2, 2014) and any further legislation that would seek to create an oversight body for California higher education that is not primarily composed of segmental representation; and

Resolved, That the Academic Senate for California Community Colleges oppose legislation that proposes to expand the former role of CPEC into areas that intrude on decisions properly made by representatives of the California higher education segments themselves.

*6.02  S15  Support Funding for Career Pathways and Coordination of Long Range Planning

Whereas, Legislators have recognized the importance of improving student transitions from high school to community college, commonly referred to as career pathways, since 2005, which has led to local, regional, and state investments serving middle schools, high schools, and colleges (SB 70, 2005, Scott; SB1070, 2012, Steinberg; AB 86, 2013, Blumenfield; and the California Pathways Trust Fund, 2013-2018);

Whereas, Funding streams have often been transient and short term, leading to cyclical disruption of establishing and sustaining career pathways and ultimately to disinvestment in many highly successful efforts across the state;
RESOLUTIONS FOR DISCUSSION ON THURSDAY, APRIL 9, 2015

Whereas, Given the likelihood that funding will remain impermanent and episodic, long term coordination requirements must be mandatory and consistent elements of all future funding legislation supporting career pathways to assure long range continuity and consistency and to reduce duplication and unnecessary repetition of effort; and

Whereas, The current legislative intent expressed in SB 66 (Leyva, as of January 7, 2015) seeks to extend California’s investments in career pathways for another undefined short-term period;

Resolved, That the Academic Senate for California Community Colleges support current and future public investments in California high school to community college career pathways; and

Resolved, That the Academic Senate for California Community Colleges work with interested legislators to include long range requirements and resources for coordinating and investing in career pathways at the state level.

4*6.03 S15 Support Expanding Dual Enrollment Opportunities for High School Students

Whereas, The Chancellor’s Office is sponsoring AB 288 (Holden, as of March 23, 2015)\(^2\), legislation that seeks to address some commonly recognized barriers to the local implementation of dual enrollment and to expand opportunities for dual enrollment through the creation of agreements between college and school districts that are approved at public meetings of the college and school district boards in order to establish seamless pathways from high school to community college for struggling and at-risk high school students;

Whereas, The Academic Senate for California Community Colleges, through various resolutions adopted by the body, supports programs and projects that improve student transitions from high school to community college where students receive rigorous comparable academic experiences;

Whereas, The apportionment requirements for dual enrollment are complex but allow for both high schools and community colleges to earn apportionment for high school students taking classes as long as the daily periods of time allotted to average daily attendance (ADA) and full-time equivalent students (FTES) do not overlap, but these requirements are often misunderstood and thus may act as a disincentive to such academic partnerships; and

Whereas, The development and ongoing implementation of dual enrollment will not succeed without faculty championing the development of policies for dual enrollment agreements and the implementation of such agreements at the local, regional, and state levels;

Resolved, That the Academic Senate for California Community Colleges support the legislative intent of AB 288 (Holden, as of March 23, 2015) to increase or improve dual enrollment opportunities for all high school students, especially for struggling and at-risk high school students; and

\(^2\) The text of this bill is found at [http://leginfo.legislature.ca.gov/faces/billNavClient.xhtml?bill_id=201520160AB288](http://leginfo.legislature.ca.gov/faces/billNavClient.xhtml?bill_id=201520160AB288)
Resolved, That the Academic Senate for California Community Colleges work with the Chancellor’s Office and other system partners to draft guidelines for the field on the implementation of dual enrollment that promote collegial consultation with local senates in the development of dual enrollment agreements, assert community college faculty primacy in all curricular matters involving dual enrollment course offerings, provide a clear system-wide interpretation of the requirements and conditions for the college and school districts to receive apportionment that includes a clear definition of the meaning “instructional activities” in the proposed new Education Code §76004(l), and promote the fulfillment of accountability requirements and incentives for both college and school districts.

Appendix F: Text of AB 288 (Holden, as of March 23, 2015)

+*6.04 S15 Support Legislation on Full-time Faculty Hiring, Full-Time Noncredit Hiring, and Part-Time Office Hours

Whereas, The Academic Senate for California Community Colleges has passed numerous resolutions supporting progress toward the goal of 75% of courses taught by full-time faculty (13.01 F14, 19.03 F06), hiring full-time noncredit faculty (7.01 F14), and funding for part-time faculty office hours (19.01 F01, 6.02 S97, 12.04 F92);

Whereas, AB 626 (Low, as of March 17, 2015) would require that, in years in which no funds are designated to increase the ratio of full-time faculty or for part-time office hours, districts that fall below the 75/25 full-time to part-time ratio would be required to apply a portion of their Student Success and Support Program funds toward reaching the 75/25 goal or to support functions performed by part-time faculty, including funding for part-time office hours; and

Whereas, AB 626 (Low, as of March 17, 2015) would require the Board of Governors to work with the Academic Senate for California Community Colleges and other relevant entities to develop goals for a full-time to part-time ratio in noncredit instruction;

Resolved, That the Academic Senate for California Community Colleges endorse the intent of AB 626 (Low, as of March 17, 2015) to support the hiring of full-time faculty, including noncredit faculty, and to support funding for part-time office hours.

7.0 CONSULTATION WITH THE CHANCELLOR’S OFFICE

*7.01 S15 System Handbook on Guidelines and Effective Practices for Dealing with Student Academic Dishonesty

Whereas, Resolution 13.05 S13 called for the Academic Senate for California Community Colleges to “reinitiate its effort to review and, where appropriate, draft language to revise Title 5 regulations to allow for the failure of students for egregious acts of academic dishonesty while also protecting all students’ rights to due process”;

Whereas, The rights and responsibilities of faculty and students when acts of academic dishonesty by students are observed and reported by faculty are not always clear or well-understood, which may result

in faculty frustration and a reduced willingness to report such incidents out of concern for being involved in lengthy disciplinary proceedings that may be seen as unfair to the faculty, or out of fear of being sued by students;

Whereas, The Academic Senate for California Community Colleges has numerous publications, including Rostrum articles and the 2007 paper *Promoting and Sustaining an Institutional Climate of Academic Integrity*, that present effective practices for preventing acts of academic dishonesty and the status of Chancellor’s Office legal interpretations of what can and cannot be done by faculty with respect to assigning grades when students are caught engaging in egregious acts of academic dishonesty, but Academic Senate publications do not provide legal advice to faculty; and

Whereas, The Chancellor’s Office has developed handbooks on topics such as distance education, accessibility and compliance with the Americans with Disabilities Act, and repeatability, yet no such handbook currently exists that provides guidance to the field regarding student academic dishonesty;

Resolved, That the Academic Senate for California Community Colleges work with the Chancellor’s Office and other system partners to develop a handbook for the system that provides both legal guidance and effective practices for the prevention and effective handling of incidents of student academic dishonesty.

Contact: Cynthia Reiss, West Valley College, Educational Policies Committee

+*7.02 S15  Posting of Chancellor’s Office Templates  
Whereas, The Academic Senate for California Community Colleges adopted resolution 15.01 S11 to encourage reciprocity for courses in Associate Degrees for Transfer (ADT) and subsequently developed a reciprocity statement regarding Transfer Model Curriculum (TMC) that “strongly urges community colleges to establish policies to allow and encourage acceptance of the courses students have taken at other colleges in a TMC-aligned degree”;

Whereas, In order for California community colleges to implement ADT course reciprocity, colleges need access to standardized information that details how colleges constructed their degrees to ensure TMC-alignment; and

Whereas, The California Community College Chancellor’s Office requires that colleges demonstrate TMC-alignment using a standardized Chancellor’s Office Template to submit all California community college ADT proposals;

Resolved, That the Academic Senate for California Community Colleges request that the California Community College Chancellor’s Office post all Chancellor’s Office Templates that have been submitted by the colleges and approved by the Chancellor’s Office.

Whereas, Timely curriculum processes are required for both career and technical education (CTE) and non-CTE disciplines;

Whereas, Resolution 09.01 F11 Responding to Industry Needs states the following:

Resolved, That the Academic Senate for California Community Colleges explore current practices, identify barriers, and promote effective practices in responding to the curricular needs of business and industry and present this information by the Fall 2012 Session; and

Whereas, Colleges would benefit from a paper outlining effective practices for local processes on curriculum approval;

Resolved, That the Academic Senate for California Community Colleges survey curriculum chairs on the timeliness of their local curriculum approval processes by Fall 2015 and develop a paper on effective practices for local curriculum approval and present it to the field for adoption at the Fall 2016 Plenary Session.

9.02 S15 Alternative Courses for Math Competency Requirements
Whereas, The current English and math competency requirements for the associate degree were adopted by the Academic Senate for California Community Colleges in Spring 2005, approved by the California Community Colleges Board of Governors in September 2006 and required per Title 5 §55063, and which became effective for all students admitted to a California community college for the Fall 2009 term or any term thereafter;

Whereas, Title 5 §55063 states, “The competency requirements for written expression and mathematics may also be met by obtaining a satisfactory grade in courses in English and mathematics taught in or on behalf of other departments and which, as determined by the local governing board, require entrance skills at a level equivalent to those necessary for Freshman Composition and Intermediate Algebra respectively”; and

Whereas, At the Fall 2012 Plenary Session, three resolutions brought forward asking the body to endorse a particular curriculum pathway in developmental mathematics were referred to the Executive Committee until such a time that the mathematics professional organizations could offer their opinions, indicating concern in the field that alternative courses for meeting the competency requirements be identified;

Resolved, That the Academic Senate for California Community Colleges work with C-ID to write course descriptors for (1) a non-STEM, “intermediate algebra level/math competency level” prerequisite course to statistics and (2) an “intermediate algebra level/math competency level” course for students who plan to earn an associate degree but do not plan to transfer.

Resolved, That the Academic Senate for California Community Colleges recommend that the California Community Colleges Board of Governors adopt the proposed addition to the “Disciplines List” for Supply Chain Technology.

12.0 FACULTY DEVELOPMENT

*12.01 S15 Faculty Recognition*
Whereas, Faculty continue to do exceptional work in teaching and learning, in instruction and program design, and in learning and student support services at their colleges in support and to the benefit of students and their communities;

Whereas, While the Academic Senate for California Community Colleges provides recognition awards to both part-time and full-time faculty, the opportunities for faculty to receive statewide awards is first and foremost in the hands of local academic senates;

Whereas, Local senate presidents are responsible for a vast number of tasks, many of which may require high priority attention, and new senate presidents may not be aware of all statewide awards; and

Whereas, Each award has its own timeline and criteria which can often be forgotten by local senate presidents while they are dealing with other local issues, causing some awards to go unclaimed due to lack of sufficient nominations;

Resolved, That the Academic Senate for California Community Colleges recommend that local senates form awards committees, or otherwise appoint responsible individuals, to be charged with the primary task of ensuring that faculty from their colleges have the opportunity to be recognized statewide for their outstanding work; and

Resolved, That the Academic Senate for California Community Colleges recommend that local senates establish local processes for nominating faculty and submitting their nominations for statewide awards in a timely manner that aligns with the timelines and deadlines for each award.

13.0 GENERAL CONCERNS

13.01 S15 System-wide Collaboration on Violence Prevention Programs
Whereas, The provisions in both the federal Violence Against Women Reauthorization Act of 2013 and California Education Code §67386 require California Community Colleges to “implement comprehensive prevention and outreach programs addressing sexual violence, domestic violence, dating violence, and stalking” with the outreach programming to be included in every incoming student’s orientation;

Whereas, Many California community colleges are currently in the process of developing programs to meet the guidelines of the Violence Against Women Act and the Campus Sexual Violence Elimination Act, as well as trying to determine the most effective ways to implement them;

Whereas, A significant number of students transfer back and forth among multiple campuses within the California Community College System; and

Whereas, Adopting shared orientation materials that assert a united, system-wide stance against violence and that could be customized by the addition of unique, campus-specific information might be more effective than colleges or districts developing and implementing materials independently;
Resolved, That the Academic Senate for California Community Colleges work with the Chancellor’s Office and other system partners to develop and distribute guidelines to assist with developing and implementing effective anti-sexual assault and violence prevention programs at their colleges.

**13.02 S15  Allowed Experiences in Courses Related in Content**
Whereas, In 2011 and 2012 the Board of Governors approved a series of Title 5 changes regarding course repetition, creating significantly greater limitations on the circumstances in which students are allowed to repeat credit courses;

Whereas, Arts education in the K-12 system has diminished significantly in recent years, creating student populations that may lack the necessary foundation to seamlessly enter and complete a program in the performing arts and thus establishing a need for additional opportunities for personal skill and knowledge development on the part of some students;

Whereas, Title 5 language limits a student’s enrollments in any single group of courses related in content, or family of courses, to a total of four, whether a student withdraws from a course or fails to achieve the student learning outcomes of a course, and this limitation can result in preventing a student from acquiring the coursework necessary to transfer in a program that requires four successful course completions in a family of courses; and

Whereas, The limit of four enrollments in a family of courses combines and conflates the restrictions on repetition of a course (the number of times a student may register and attempt a course) and the restrictions on repeatability (the number of times a student can repeat a course to continue to practice the skills taught in that course);

Resolved, That the Academic Senate for California Community Colleges work with the Chancellor’s Office to amend Title 5 Regulation §55040 (c) to allow students up to a total of four successful semester or six successful quarter enrollments within a group of courses related in content while still acknowledging all other current limitations on course repetition contained within Title 5.

**14.0  GRADING**
**14.01 S15  Allowing Faculty to Submit the “Report Delayed” (RD) Symbol for Instances of Student Academic Dishonesty**
Whereas, In 1995 the Chancellor’s Office rendered legal opinion L 95-31, which was reaffirmed in 2007, stating that an instructor could fail a student on an assignment for cheating but that the student could not be given a course grade of ‘F’ for that incidence of cheating unless that assignment grade, taken together with the student’s performance on the other course assignments, resulted in a grade of ‘F,’ per the requirements of Title 5 §55002 and the basic requirements for due process;

6 Legal opinion L 95-31 is found at [http://extranet.cccco.edu/Portals/1/Legal/Ops/OpsArchive/95-31.pdf](http://extranet.cccco.edu/Portals/1/Legal/Ops/OpsArchive/95-31.pdf)
Whereas, Resolution 13.05 S13\textsuperscript{7} called for the Academic Senate for California Community Colleges to revisit this matter, including proposing revisions to Title 5 as appropriate, but the Chancellor’s Office has not yet changed its position on its legal opinion L 95-31, and it is not clear what changes to Title 5 can be made to allow faculty to fail a student in a course for egregious acts of academic dishonesty without violating the student’s right to due process;

Whereas, Title 5 §55023 allows the symbol of RD (report delayed) to be recorded on student transcripts with the following requirements:

\begin{quote}
The “RD” symbol may be assigned by the registrar only. It is to be used when there is a delay in reporting the grade of a student due to circumstances beyond the control of the student. It is a temporary notation to be replaced by a permanent symbol as soon as possible. “RD” shall not be used in calculating grade point averages; and
\end{quote}

Whereas, Allowing districts to adopt policies and procedures to allow faculty to assign an RD to a student caught engaging in academic dishonesty when the outcome of disciplinary action is still pending or cannot be resolved before grades are due may make faculty more willing to report students for academic dishonesty by eliminating any concern over course grades being challenged following the conclusion of a student disciplinary process;

Resolved, That the Academic Senate for California Community Colleges work with the Chancellor’s Office to change Title 5 §55023 that will permit districts, through collegial consultation with local senates, to adopt policies and procedures that allow faculty to submit the RD (report delayed) symbol for students who have been accused of engaging in academic dishonesty and whose cases have not been resolved or may not be resolved through the student disciplinary process before the end of an academic term.

\subsection*{16.01 S15 Update the Paper Textbook Issues: Economic Pressures and Academic Values}

Whereas, Resolution 11.01 F12 \textit{Pursue Statewide Open Educational Resources for Student Success}\textsuperscript{8} supported Academic Senate for California Community Colleges participation in “the convening of appropriate stakeholders, including faculty from our intersegmental partners for implementation of SB 1052 and 1053 (Steinberg, 2012), to develop appropriate rules and guidelines for accessing Open Educational Resources materials for faculty in a broad range of formats that encourage their wide-spread availability for adoption and use”;

Whereas, The California Digital Open Source Library (CDOSL) is being designed so faculty can easily find, adopt, utilize, and modify OER course materials for little or no cost, and the California Open Online Library for Education\textsuperscript{9} is the first library service of the CDOSL; and

Whereas, The Academic Senate for California Community Colleges has two papers on affordable options for textbooks, \textit{Textbook Pricing Policies and Student Access} (1997) and \textit{Textbook Issues:}

17.0 LOCAL SENATES
*17.01 S15 Adopt the Paper the Local Senates Handbook
Whereas, The paper Empowering Local Senates: Roles and Responsibilities of and Strategies for an Effective Senate\textsuperscript{10} was last updated in 2007;

Whereas, The Relations with Local Senates Committee was directed by the Executive Committee to review, revise, and update the paper to enable it to be used as a text for the Academic Senate for California Community Colleges Leadership Institute and to provide a resource for local senates to assist them with effective practices to empower faculty and encourage meaningful participatory governance; and

Whereas, The document is generally referred to by the colloquial title The Local Senates Handbook and, due to the shifting nature of the California Community College System, should be a “living document” that is regularly updated;

Resolved, That the Academic Senate for California Community Colleges adopt the paper The Local Senates Handbook, which replaces the 2007 paper Empowering Local Senates: Roles and Responsibilities of and Strategies for an Effective Senate; and

Resolved, That the Academic Senate for California Community Colleges annually update The Local Senate Handbook to ensure that the document remains accurate and up-to-date and contains the information that local senates require.

*17.02 S15 Establishing Local CTE Liaison Position
Whereas, The Academic Senate for California Community Colleges appoints career and technical education (CTE) faculty to numerous statewide initiatives, workgroups, committees, and task forces to ensure their interests are represented, but communicating this critical need to CTE faculty and recruiting adequate numbers of volunteers is often difficult;

Whereas, In November 2014 the Board of Governors commissioned the Task Force on Workforce, Job Creation, and a Strong Economy to develop recommendations addressing system-wide policies and practices that may significantly affect career technical education programs, and CTE faculty must be appraised of and contribute to the work of the taskforce; and

Whereas, Information concerning CTE programs, faculty, and students may not always be disseminated to all CTE faculty at local colleges and districts, and therefore CTE faculty would benefit from the creation of a CTE liaison position to act as a conduit between the Academic Senate for Community Colleges and local CTE faculty;

Resolved, That the Academic Senate for California Community Colleges urge local academic senates to identify a CTE faculty member to act as a liaison to facilitate communication among local CTE faculty, the local academic senate, and the Academic Senate for California Community Colleges.

Contact: Grant Goold, American River College, CTE Leadership Committee

*17.03 S15 Establishing Local Legislative Liaison Position
Whereas, Local academic senates have the freedom to take and publish positions on proposed legislation after informed discussion and deliberation and to meet with legislators to express their views and positions regarding legislation;

Whereas, Some local senates have created a legislative liaison position so that a designated individual is responsible for tracking and reporting to the academic senate on legislation, and such a position may be a great benefit to an academic senate in providing current information on relevant legislation and enabling the senate to form positions upon which it may wish to act; and

Whereas, The effectiveness of the Academic Senate for California Community Colleges in influencing legislation is contingent upon providing information and analysis to local senates and receiving in response feedback and direction for action;

Resolved, That the Academic Senate for California Community Colleges urge local senates to establish a legislative liaison position to facilitate communication between and among the ASCCC, local academic senates, and faculty.

*17.04 S15 Collegial Consultation with Local Senates on Student Learning Outcomes Policies and Procedures
RESOLUTIONS FOR DISCUSSION ON THURSDAY, APRIL 9, 2015

Whereas, The revised accreditation standards adopted in June 2014 by the Accrediting Commission for Community and Junior Colleges (ACCJC) may require colleges to adjust or revise their already adopted processes or policies to address changes to the new standards (Standard 1.B.6), especially in the manner in which colleges collect, assess, and use student learning outcome data for courses and academic programs; and

Whereas, Additional pressure to meet new standards may result in administrations instituting immediate changes to established processes or policies without collegial consultation with local academic senates as required by Title 5, either by relying primarily on or reaching mutual agreement with local senates;

Resolved, That the Academic Senate for California Community Colleges assert that the adoption and revision of local policies and procedures regarding student learning outcomes data collection, assessment, and use are academic and professional matters requiring consultation with local senates prior to implementation.

4*17.05 S15 Establish Local Noncredit Liaison Position

Whereas, The Academic Senate for California Community Colleges appoints noncredit faculty to numerous statewide initiatives, workgroups, committees, and task forces to ensure their interests are represented, but communicating this critical need to noncredit faculty and recruiting adequate numbers of volunteers is often difficult;

Whereas, AB 86 (Education Omnibus Trailer Bill, 2013-2014) amended California Education Code §84830 to create regional consortia to implement a plan to better serve the educational needs of adults in areas that include noncredit basic skills, English as a Second Language, and career technical education programs;

Whereas, Noncredit career development and college preparation (CDCP) FTES will be funded at the same level as the credit rate beginning in the 2015-16 fiscal year, providing an incentive for colleges to expand their noncredit instructional offerings, and noncredit faculty must be involved in college-wide decision-making about noncredit programs; and

Whereas, Information concerning noncredit programs, faculty, and students may not always be disseminated to all noncredit faculty at local colleges and districts, and therefore noncredit faculty would benefit from the creation of a noncredit liaison position to act as a conduit between the Academic Senate for California Community Colleges and local noncredit faculty;

Resolved, That the Academic Senate for California Community Colleges urge local academic senates to identify a noncredit faculty member to act as a liaison to facilitate communication among local noncredit faculty, the local academic senate, and the Academic Senate for California Community Colleges.
