1. The Board supports the continued and improved implementation of institutional professional development for faculty and all staff as it relates to student success and institutional effectiveness.

2. The board will support the engagement of the community and college constituencies in a visioning process that will chart the path for the future of Cabrillo College and assist in the allocation of resources designed to support the future of student success, and premised on maintaining the long term fiscal health of the institution.

3. The Board is committed to review of college data, Scorecard Data, and other pertinent data to understand and support specific strategies for increased success related to the matriculation of basic skills students and the opportunity for increased transfer for all students.

4. Student Success will continue to be the priority in determining:
   - Compensation and benefits for all employee groups that are sustainable and comparable with best practice for similar organizations
   - Allocation of resources to continuously address sustainable programs and services that promote student success
   - Allocation of resources specific to demographics and populations in our centers, satellite and distance education programs
