CABRILLO COLLEGE
6500 SOQUEL DRIVE, APTOS, CA
BUILDING 1000 CHILLED WATER SYSTEM
ENERGY IMPROVEMENTS

VICINITY MAP

GENERAL CONSTRUCTION NOTES

Furnish all labor, materials, equipment, fixtures, transportation and services required to complete the job as shown and specified.

All work and materials specified herein and shown on Drawings shall be subject to the General Conditions of this Contract.

The Contractor shall have visited the site and satisfied themselves as to the condition under which the work is to be performed. They shall check existing conditions which may affect the work. All construction not specifically detailed shall be built to conform with similar construction shown and the requirements of applicable codes and standards.

Verify all dimensions shown on Drawings in the field or prior to installation. In the event of discrepancies, notify the College's Representative. Do not proceed with work in areas involving discrepancies until such discrepancies have been fully resolved.

The work shall be installed as indicated on the Drawings. However, changes to accommodate installation of this work with other work, or in order to meet existing or new architectural, structural or plumbing conditions, shall be made without additional cost to the College. Coordination of this work with other trades is the Contractor's responsibility.

Any portions of the existing structure, equipment, utilities, etc. damaged during the course of this construction are to be replaced with material necessary to restore to original condition. Contractor shall be responsible for all costs in any part of the premises of the College not resulting from the construction or work furnished and/or installed during the construction and guarantee period.

Use all means necessary to protect the materials of the project before, during and after installation, and to protect the work and materials of other trades.

Remove all debris promptly from site. Do not use College dumpsters.
