Cabrillo Gallery Hosts Glenn Carter Exhibit
A Guest to the Mystery, February 6 - March 9

Aptos, CA— The Cabrillo Gallery hosts the exhibition **Glenn Carter: A Guest to the Mystery** with an opening reception on Thursday, February 16, 5:00-6:30 PM. Glenn Carter will discuss his work on Tuesday, February 21st at 7:00 PM in the gallery. The exhibition continues through Friday, March 9, 2012. Both events are free and opened to the public.

Long time Santa Cruz resident and artist, Glenn Carter, has been actively pursuing his mixed media work for decades. His interest in process and materials is evident upon the first encounter with his work, but what is appealing to the eye is his highly imaginative and creative approach with materials. The subtlety of atmosphere achieved by his layering process transcends his use of hard industrial materials. This atmosphere combines beautifully with form and space creating an ambiguous, or mysterious, landscape reference. His work can only be fully appreciated in person and with ample time to allow for the imagery to resonate.

“My work surfaces through a primal lens of elemental relationships between space and being, land and body, the seen and unseen forces within nature,” states Carter. “A wonder in the mystery of these relationships, forges the forms, imagery and atmosphere which frequently surface through their own suggestion or volition. I employ restrained combined uses of various mixed mediums, solid and liquid, on a variety of grounds, in an attempt to evoke a visceral response to one’s own experience of nature and consciousness.”
