Anthropology A.A.-T Transfer Degree

Anthropology is a multidisciplinary holistic way to study all aspects of humanity, from biological origins to ways of social behavior, past and present. Anthropology presents to the student a world view that is personally enriching as well as practical. Students who achieve an Associate in Arts in Anthropology and a baccalaureate degree pursue the fields of anthropology, archaeology, sociology, research, travel, and international trade and communication. Graduate degrees allow one to assume positions as an anthropologist, archaeologist, instructor or professor, or positions in forensics, museums, international aid, or research.

Cabrillo offers options for degrees in Anthropology. The first option listed below is the Associate in Arts in Anthropology for Transfer (A.A.-T in Anthropology), which is intended for students who plan to transfer and complete a bachelor's degree in Anthropology or a similar major at a CSU campus. Students completing the Associate in Arts in Anthropology for Transfer are guaranteed admission to the CSU system, but not to a particular campus or major. This A.A.-T in Anthropology may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system.

See Associate Degree for Transfer information in the Cabrillo College Catalog. The following is required for all A.A.-T or A.S.-T degrees:
• Completion of 60 CSU-transferable semester units.
• Minimum grade-point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some majors may require a higher GPA.
• Completion of a minimum of 18 semester units in the major with a letter grade of “C” or better, or a “P” if the course is taken on a “Pass/No Pass” basis.
• Certified completion of the California State University General Education-Breadth pattern (CSU GE Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC) pattern.
## Learning Outcomes

1. Critically analyze theories of human behavior and cultural change using the anthropological perspective, an holistic approach to observing humans as beings integrated by biology, culture and language, throughout time and space.

2. Demonstrated ability to access, evaluate, and synthesize various forms of anthropological literature and data including material culture, ethnographic data, and human and non-human primate anatomy.

3. Apply quantitative and qualitative methods and perspectives to analysis of anthropological materials and research questions.

4. Demonstrated ability to communicate and present anthropological knowledge and the results of anthropological research to different audiences.

Art History A.A.-T Transfer Degree
Transfer Credit in Art History: All Cabrillo College art history courses are given 3 units of Transfer Credit. There are no limits in Transfer Credit when students complete one course of art history. Limits apply after completing one course in Western art. AH 11, AH 12, AH 13, AH 14 are courses in Western art for all students, and especially, for those who transfer to a UC campus. AH 20A and AH 20B are courses in Western art for all students, especially for those who transfer to a CSU campus. After completing one of these courses, students who enroll in a second course should follow the information listed under the specific courses below. Because UC and CSU may differ in transfer requirements, be sure to see a counselor about which courses are required for your transfer institution.

The Art History Program offers a course of study for students to learn the subject of art history and how it relates to the study of works of art. Students enrolled in art history courses learn about the subjects, forms, and purposes of art within each historical period that they study. They learn about the artists, the patrons, and the audiences who viewed the works of art. Students learn to accurately identify and describe works of art, as well as to use the principles of art history in their critical writing about art. They also learn about related approaches of visual analysis which reflect changes in the discipline of art history, and which become an additional basis to critical thinking and writing about art. Learning experiences in art history are presented through illustrated lectures, discussions, readings, films, video and slide viewing, gallery exhibit activities, and art museum visits. The student with a transferable Associate in Arts Degree in Art History is prepared for transfer into upper-division work in the major at four-year institutions. The major is available at UC and CSU systems, and at other colleges and universities.

Cabrillo offers options for degrees in Art History. The first option listed below is the Associate in Arts in Art History for Transfer (A.A.-T), which is intended for students who plan to transfer and complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees are guaranteed admission to the CSU system, but not to a particular campus or major. This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU System. See Associate Degree for Transfer information in the Cabrillo College Catalog. The following is required for all A.A.-T or A.S.-T degrees:
• Completion of 60 CSU-transferable semester units.
