Medical Assisting A.S. Degree

The Medical Assistant is an integral part of the medical team; thus the job demands the same high caliber of ethics, attitude, confidentiality and performance that the public has come to expect of the medical profession. Opportunities are many and varied, depending upon such factors as personal ability, experience and education. Medical Assistants may become managers of clinics or group practices as well as assist in the physician's office, clinic, or hospital.

Learning Outcomes

1. Accurately and safely perform medical assisting tasks and procedures.
2. Perform receptionist and administrative medical facility duties.
3. Interact professionally and ethically with patients and medical facility personnel, working within the medical assistant scope of practice.

How to Apply

Admission to the Medical Assisting Program requires a separate and additional process to the general college admission. The Medical Assisting information and application form is available online at <https://sites.google.com/a/cabrillo.edu/ma-learning-community/home>

General college admission information is available on the Admissions & Records website found at <http://cabrillo.edu/services/ar/>

Security Screening

To comply with state and local regulations for health care providers, students participating in externships through the Cabrillo College Medical Assistant program are required to meet vaccination and drug testing requirements and provide documentation to the Student Health Services Center before being placed at an externship site. Students are also required to complete criminal background checks and may be required to undergo fingerprinting.
