

PROGRAM OF STUDY

Associate in Arts in Studio Arts for Transfer

The Art Studio Program offers beginning and intermediate courses that provide students with the knowledge and experience needed for a broad understanding of the visual arts. Core curriculum includes drawing and composition, two-dimensional and three-dimensional design, and art history. After completing the core courses, students may advance to intermediate courses and complete their degree by concentrating their course work within the art studio options. Students may also investigate special interests in ART 40 A-Z classes, approved AP classes and/or approved DM classes.

Art gallery viewing is provided in the Cabrillo Art Gallery, which presents a range of exhibitions of original work by a variety of artists during each academic year. These exhibitions are an integral part of the instructional program. Students participate in additional gallery observations through ART 50L, Gallery Viewing Lab. Museum viewing experience is facilitated through ART 51L, Museum Viewing Lab. Both courses are hybrid prerequisites in the Art Studio program.

The student with a transferable Associate in Arts Degree in Art Studio is prepared for upper division work in similar majors at many four-year institutions including UCs and CSUs, the San Francisco Art Institute, and California College of the Arts, as well as other colleges of art and schools of design.

Cabrillo offers options for degrees in Studio Art. The first option listed below is the Associate in Arts in Studio Arts for Transfer (A.A.-T in Studio Arts), which is intended for students who plan to transfer and complete a bachelor's degree in Studio Arts or a similar major at a CSU campus. Students completing the Associate in Arts in Studio Arts for Transfer (A.A.-T in Studio Arts) are guaranteed admission to the CSU system, but not to a particular campus or major. The Associate in Arts in Studio Arts for Transfer (A.A.-T in Studio Arts) may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. See Associate Degree for Transfer information in the Cabrillo College Catalog.
