  U.S. History (3 units) AND Government: U.S. Government CAN GOV 2 or equivalent (3 units)  
  World Geography (3 units)                                                                     |
| Area E: Lifelong Understanding and Self-Development  
  ECE 31 + 33  
  CAN FCS14, Child & Adolescent Development (3 units)                                           |
| Liberal Studies Major Prerequisite  
  EDUC 80  
  Introduction to Education (3 units)                                                           |
| CSUMB specific requirements that should be completed at community college  
  Foreign Language 3 or above or students may test out at that level  
  Foreign language to the first semester of the second year (at CSUMB Language 201)            |
| Technology skills course (at CSUMB, CST 101, CST 102, or CST 104)                             |

* Other Science courses may be accepted for transfer requirements, but for the Liberal Studies major, there must be three courses in a Physical Science, a Life Science, and an Earth Science (one with a lab).
**if you took a different course than those listed to fulfill an area of GE, you may still have to complete the course content noted above. For example, if you took a Sociology class to fulfill Area E, you will still need to complete a Child & Adolescent Development course.

The Cabrillo courses listed above in red are ones that the CSUMB Liberal Studies Department has told us they will accept—these courses have been checked with Carrie Ballard Liberal Studies Coordinator, CSUMB.
