

PROGRAM OF STUDY

Associate in Arts in Kinesiology for Transfer

Kinesiology is the academic discipline concerned with the art and science of human movement. Kinesiology may also be listed as Physical Education or Human Performance at some campuses. Students may pursue Bachelors and graduate degrees with emphasis in adaptive physical education, athletic training, physical therapy, dance, movement sciences, sports management, teaching, and coaching which provide numerous career opportunities in both the public and private sectors.

Cabrillo offers options for degrees in Kinesiology. The first option listed below is an Associate in Arts in Kinesiology for Transfer (A.A.-T), which is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees are guaranteed admission to the CSU system, but not to a particular campus or major. See Associate Degree for Transfer information in the Cabrillo College *Catalog*. Students pursuing transfer to a specific campus or major concentration should pay careful attention to the courses they choose from List A to insure major preparation for their preferred campus.

The following is required for all A.A.-T or A.S.-T degrees:

- Completion of 60 CSU-transferable semester units.
- Minimum grade-point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some majors may require a higher GPA.
- Completion of a minimum of *18 semester units in the major with a letter grade of "C" or better, or a "P" if the course is taken on a "Pass/No Pass" basis. *Note: this degree requires greater than 18 units in the major for completion.
- Certified completion of the California State University General Education-Breadth pattern (CSU GE Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC) pattern.

The second option fulfills requirements for an A.A. Degree in Kinesiology at Cabrillo College.
