

Cabrillo College **MATH MAP**

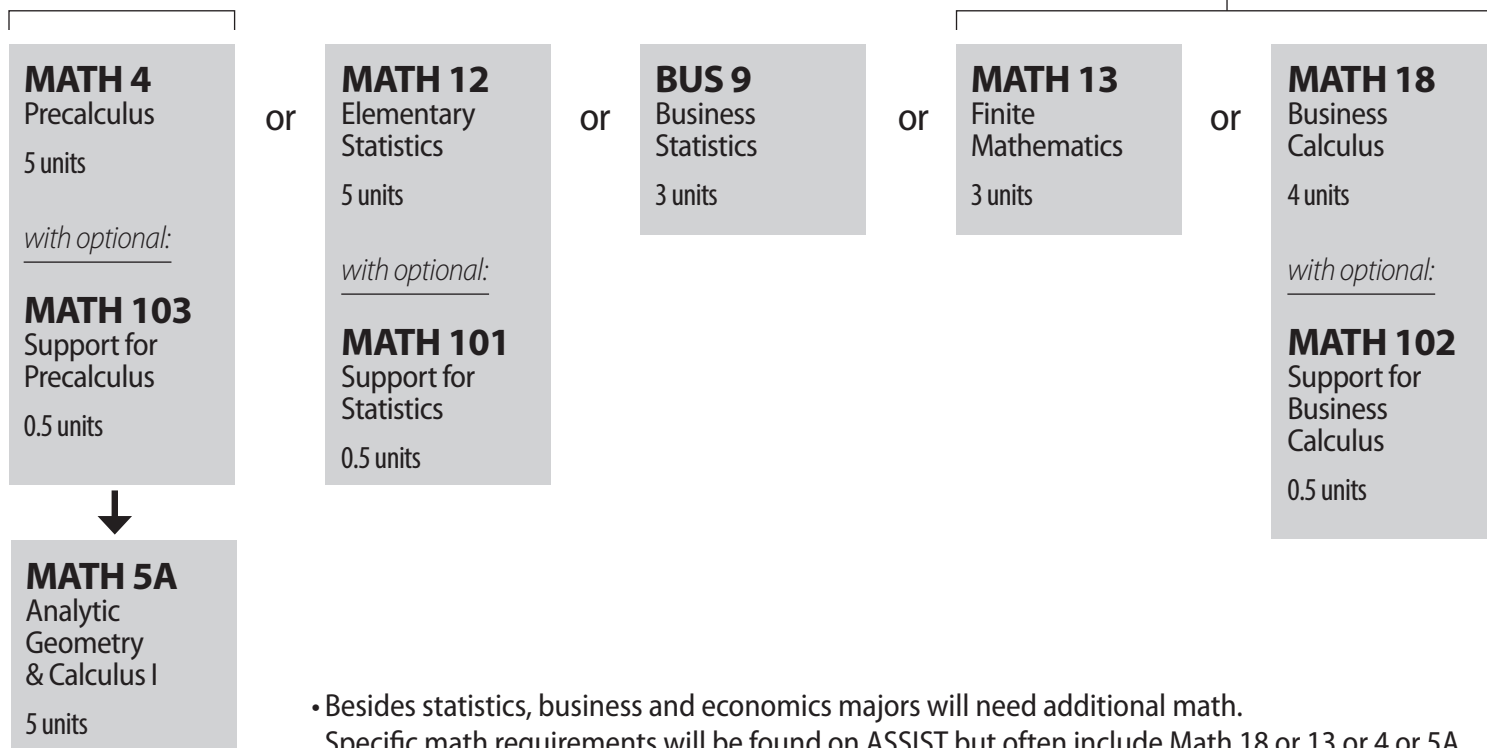

Business Administration,* Economics*

*The Associate Degree for Transfer (ADT) (AA-T or AS-T) is a unique degree offered at California Community Colleges that provides certain advantages for transfer into the CSU system. Meet with a counselor to discuss whether this degree is appropriate to your educational goal. We offer AA-T or AS-T degrees in the asterisked majors listed.

Optional and strongly recommended for students who did NOT pass Intermediate Algebra or Common Core Math III in high school.

MATH 152
Intermediate Algebra

5 units

Optional and strongly recommended for students who did NOT pass Intermediate Algebra or Common Core Math III in high school.

MATH 152
Intermediate Algebra

5 units

- Besides statistics, business and economics majors will need additional math. Specific math requirements will be found on ASSIST but often include Math 18 or 13 or 4 or 5A.

The math pathways presented are recommendations. In the case of some majors, other math options are available. For transfer students, math courses should be selected based on the lower-division major preparation requirements at the intended transfer university. Those specific requirements can be found at www.assist.org for 4-year public institutions in California. Please see a counselor for advisement to ensure you are taking the best possible courses given your goal.
