

Cabrillo Extension: The Basics of Selling on eBay

C. Jensen

In order to maximize your participation and learning in this class, please ensure your familiarity with basic computer knowledge such as opening a browser, opening a new tab, right clicking etc. If you are unfamiliar with these, please review and practice before class.

Please create an eBay account before class. Bring the credentials (username and password) with you to class.

Please create a PayPal account before class. Bring these credentials as well.

Know how to access your email from a different computer (since you will not be using your own personal computer). Bring credentials for email such as log-in and password.

Lastly, bring your smartphone charged along with the charging cable since you will be taking photos for the eBay ads.

We thank you in advance for taking these extra steps, as we want you to have a pleasant and informative class!

Thanks,
Cabrillo Extension
