Dear student,

Welcome to the Ceramic Hand-building class at Cabrillo College Extension program. Don’t worry if you never had a ceramic class before, we are going to cover some basic techniques and surface decorations so you will be able to work along with more experienced and advanced students. This class is designed to accommodate all levels and clay experiences.

Please wear comfortable clothes that can be easily washed if you stain them with clay or glazes. No flip-flops or open-toe shoes. High heels are not advisable. Be prepared to get dirty. An apron is a good option.

If you have had a ceramic class before please bring your clay tools, you will need:
- Carving tools
- Loop tools
- Modeling tools
- Scoring tool.
- You also will need some brushes.

If you don’t have ceramic tools, the Tool Room has tools available for students to use during the class time.

Please bring a sketchbook or some paper that you can sketch on, in addition to a pen or a pencil.

I am looking forward to meeting you all, work on new ideas, make art and have fun.

If you are not sure what to expect from the class or what to bring, or have any questions, please email me at juliafeld@yahoo.com
