PARKING INFORMATION & CAMPUS MAP

When bringing children to Cabrillo for camps please make time to find parking in a "student" space close to your child's camp location, and to pay for a daily permit. Permits are available at permit dispensers in each parking lot and structure. Daily permits are $4 a day, and only credit/debit cards are accepted.

Summer semester permits are available for $48 dollars. They may be purchased online through Cabrillo Extension, and may be picked up in the Extension office beginning June 10th. This permit will allow you to park in "student" spaces June 17–August 9. See our website for details.

Cabrillo College does not provide "FREE" parking. All vehicles parked on Cabrillo College property are required to properly display a valid Cabrillo College parking permit. Parking is enforced on campus 24 hours a day, 7 days a week. The Cabrillo College District Parking Regulations and the California Vehicle Code are enforced at all times. Vehicles not properly parked, or not in compliance with Cabrillo College District Parking Regulations or the California Vehicle Code, are subject to fines, towing, or impoundment.

For more information

about Cabrillo College parking regulations, please go to
