Net worth of investments
Investment Value minus Investment Debt = Net Worth of Investments
Investments include real estate such as rental property, land, and second or summer homes.
Do NOT include your primary place of residence (that is, your home).

Asset
An asset is defined as property that has an exchange value. Ownership of an asset may be divided or contested in several situations:

Net worth of business and/or investment farm
Business/Farm Value minus Business/Farm Debt = Net Worth of Business/Farm
Business or farm value includes the current market value of land, buildings, machinery, equipment, inventory, etc.
To report current market value for a business, you must use the amount for which the business could sell as of the date of the application.
If you are not the sole owner of the business, you should report only your share of its value and debt.

CERTIFICATION: I certify that all information reported on this statement is true and complete, to the best of my knowledge. At least one parent must sign.
