---

1. Copayments marked with a "1" do not accrue to the calendar-year copayment maximum. Copayments and charges for services not accruing to the member's calendar-year copayment maximum continue to be the member's responsibility after the calendar-year copayment maximum is reached. Please refer to the Evidence of Coverage and the Plan Contract for exact terms and conditions of coverage.

2. To use this option, members must select a personal physician who is affiliated with a medical group or IPA that is an Access+ provider group, which offers the Access+ Specialist feature. Members should then select a specialist within that medical group or IPA. Access+ Specialist visits for mental health services must be provided by a MHSA network participating provider.

3. Participating ambulatory surgery centers may not be available in all areas. Regardless of their availability, you can obtain outpatient surgery services from a hospital or an ambulatory surgery center affiliated with a hospital, with payment according to your health plan's hospital services benefits.

4. Skilled nursing services are limited to 100 preauthorized days during a calendar year except when received through a hospice program provided by a participating hospice agency. This 100 preauthorized day maximum on skilled nursing services is a combined maximum between SNF in a hospital unit and skilled nursing facilities.

5. Mental health services are accessed through Blue Shield's Mental Health Service Administrator (MHSA) using Blue Shield's MHSA participating providers. For a listing of severe mental illnesses, including serious emotional disturbances of a child, and other benefit details, please refer to the Evidence of Coverage and Plan Contract.

6. Inpatient services for acute detoxification are covered under the medical benefit; see hospitalization services for benefit details. Services for medical acute detoxification are accessed through Blue Shield using Blue Shield HMO providers.

7. Optional substance abuse treatment benefits are available. If your employer purchased these benefits, a description of the benefit is attached hereto as "Additional Substance Abuse Treatment Benefits."

8. Includes insertion of IUD as well as injectable contraceptives for women.

9. Physician services copayment in the office or outpatient hospital facility only. If procedure is performed in a hospital facility setting, additional hospital services copayment.
Plan designs may be modified to ensure compliance with state and federal requirements.

Base Plan: Access+ HMO® 10-0 Inpatient (7/12)
