The Cabrillo Gallery presents CALIFORNIA: an all media juried exhibition, August 30 - September 24, with a free public reception for the artists Sunday, September 12, 3 - 5 p.m.

This year’s juried exhibition was selected by guest curators Ruth Braunstein, owner, and Shannon Trimble, director, of the Braunstein/Quay Gallery in San Francisco. Nearly 300 works of art were submitted for review and an impressive number of works were selected for the exhibition.

Artwork ranges in media from classic oil on canvas, watercolor painting, ceramic sculpture and wearable art to photography, digital media, and complex mixed media installations. Ruth Braunstein and Shannon Trimble spent an entire day carefully choosing the work that will fill the 1000 square foot gallery space.

They were also tasked with selecting the one-person award winning artist and the cash prize recipients. This year’s one-person award goes to Santa Cruz based artist Jody Alexander. Alexander will exhibit her work in the Cabrillo Gallery during our 2012-2013 season.
