Cabrillo College upgrades online registration

Cabrillo College is working on a major structural upgrade of its data systems, according to its web site. During the upgrade, most of the campus email and web services will not be available, including the online registration system.

The notice said the campus technology staff is working hard to restore service. The campus reopens Tuesday.

The spring 2012 schedule of classes and information on required textbooks are posted online at ww.cabrillo.edu/publications/schedule/current/
