Local fourth graders tour the Cabrillo College campus Friday. As part of the Santa Cruz County College Commitment, Cabrillo College hosted more than 3,000 fourth-grade students, parents, and teachers from across Santa Cruz County for The S4C Samper Fourth Grade Experience.

Superintendents thankful for successful Fourth Grade Experience

To the Editor:

On behalf of our students and school districts, we would like to publicly thank the Cabrillo College community and the many other volunteers who helped to make the recent Fourth Grade Experience at Cabrillo College a success.

Almost every fourth grader in Santa Cruz County, 3,000 of them, visited Cabrillo and got a taste of what college has to offer. This event, and the growing collaboration between educational institutions that it represents, will open up many new opportunities for Santa Cruz County's children.

Special thanks to Barbara Samper and the Santa Cruz County Office of Education for helping to fund this exceptional event.

Dorma Baker, Superintendent, Pajaro Valley Unified School District

Eric Bitter, Pacific School District
Gary Bloom, Superintendent, Santa Cruz City Schools
Henry Castaniada, Superintendent, Soquel Elementary School District
Julie Haff, Superintendent, San Lorenzo Valley Unified School District
Michelle McKinn, Superintendent, Happy Valley School District
Diane Morgenstern, Superintendent, Mountain School District
