Philanthropist recognized for Cabrillo College support

APTOS — Barbara Samper (center) is showered with praise for donating more than $2 million to the Cabrillo College Foundation, ultimately leading to the dedication of the new recital hall as the Barbara Samper Recital Hall. A dedication ceremony Friday that recognized Samper included two musical performances. College President Brian King also announced to the large gathering that the student activities center has also been named in Samper’s honor for her philanthropic support. The support has also bolstered the Cabrillo Advancement Program that helps low-income students with their education.
