Student exhibit opens at Cabrillo

APTOS — Cabrillo College Gallery’s seventh annual student exhibition opened Monday and runs through May 31. The exhibit features more than 150 works of art representing each discipline taught through Cabrillo’s art department. A sampling of work includes paintings, watercolors, ceramics, sculptures, small-scale metal/jewelry, traditional and digital photography and more. The work is from beginning to advanced students, said Rose Sellery, assistant gallery director. The exhibition is designed and installed by Cabrillo student volunteers. The gallery is at 6500 Soquel Drive, Aptos.

Drawings by Cabrillo students line one corner of the gallery.
