AS YOU SEE IT

Pulling for Shakespeare troupe

We, the Cabrillo College theater arts department, stand in solidarity with Shakespeare Santa Cruz in this time of its sad potential demise. The educational component that live theater provides is invaluable not only to the participants, but also to those watching, listening, learning, walking away with new thoughts, old themes turning over in their minds, all providing fresh fodder for discussion and reflection. We fervently hope that this wonderful theater festival, hosted locally for 32 years, will be allowed to continue. SSC is very precious. Birthing a theater company takes more then a business model. It takes a deep, lasting commitment, a bit of magical thinking and great leaps of vision and collaboration. We wish all involved at that Glen up on the hill the best. And we thank them for giving us their best for all this time.

SARAH ALBERTSON, on behalf of the Cabrillo College theater arts department
