Cabrillo's Brian King gets warm send off at Aptos breakfast

BY ROYSEANNE HERNANDEZ

WASHINGTON — Presi- dent/president search committee Chairwoman Debbie Marshall and Applied Search Group announced on Thursday, Jan. 10, that they have selected Brian King, outgoing Cabrillo President, as president of the AMGEN tour thanked him for his support of the Pajaro Valley Fire Protection District will hold a meeting on Thursday, Jan. 10, at 7 p.m. in the Civic Plaza building, 275 Main St., fourth floor (parking garage entrance).

The Pinnacles system is home to 140 species of birds, 20 mammals, 20 reptiles, 30 amphibians, 40 butterflies, 300 species of invertebrates and hundreds of other invertebrates. More than 30 endangered or threatened species can be found here.

Pinnacles National Monument is located at 20 miles from the town of San Benito, which serves as a gateway to the monument.

The park draws its name from the volcanic spires that were created by the eruption of the San Juan Volcano more than 25 million years ago. Established in 1933, the park is named after two prominent volcanoes, the west and east peaks of the Sierra Nevada, which rise above the clouds.
