It’s about time a woman leads Cabrillo College

Welcome to Santa Cruz County and the 21st century, Ms. Jones, where we have a female mayor and two recent female leaders of UCSC. This is not 1950!

I’m hoping the Sentinel just chose an unfortunate quote to print, and that is not really how you think. Otherwise, your leadership skills might benefit from a reading of Sandberg’s book, “Lean In.”

First female leader in Cabrillo’s 54-year history — isn’t it about time?
