S4C offers camps for students

APTOS — The Santa Cruz County College Commitment (S4C) is sponsoring the Cabrillo Youth Summer Institute, a series of weeklong camps for rising seventh-through 12th-grade students.

In each camp, students will explore a career path through classroom and hands-on activities. Students also have the opportunity to attend a College and Career Readiness track, which includes SAT preparation and college information sessions.

Camps will be held at both the Aptos and Watsonville campuses of Cabrillo College. Tuition for each camp is $165, with the exception of Culinary Arts, which is $235. Scholarships are available for qualified students.
