FORUMVILLE

Forum focuses on lifelong learning

Cabrillo College will host a community forum on class repeatability legislation and its expanded extension learning center 5-6 p.m. Wednesday at Cabrillo College Watsonville Center, room D101, 318 Union St.

State legislation limits the number of times students may repeat classes, and the college has expanded its extension program to accommodate lifelong learners. Attendees are encouraged to bring questions and comments.

For details, call 831-479-6158.
