Pacificland’s first full-scale musical comedy is set to open at the historic Cabrillo stage this Saturday night with the premiere of ‘Lunch’. This year, the company has taken its goal of bringing quality entertainment to the West Coast one step further with a new stage production that promises to be nothing short of spectacular.

‘Lunch’ is a musical comedy that tells the story of a group of friends who band together to create a Broadway-style show in their own backyard. With music and lyrics by award-winning composer Steve Dorff, the show features a cast of talented actors and dancers who bring the characters to life in a way that is both entertaining and moving.

Composer Steve Dorff has written his hit songs for Kenny Rogers, Anne Murray, Whitney Houston, George Strait, Barbra Streisand and others. Lyricist John Bettis has written for such artists as Madonna, Michael Jackson, The Carpenters and Diana Ross.

Together, they are hoping to rekindle something of the vaudeville style of an earlier era. The show features a cast of characters who laugh and sing their way through a series of musical numbers that are both humorous and poignant.

‘Lunch’ is a show that is sure to make its mark on the local theatrical scene. With its combination of music, dance and humor, it is a production that will keep audiences on the edge of their seats from start to finish.

Cabrillo Stage is excited to be part of this new chapter in Pacificland’s history. With ‘Lunch’, the company is proving that it is not only capable of producing top-quality performances, but also that it is committed to bringing new and exciting productions to its audiences.

See it at the Cabrillo Stage this Saturday night, and get ready to be entertained like never before.
