The **Cabrillo Gallery** presents its eighth annual Student Exhibition of over 150 works of art representing each discipline taught through the Cabrillo College Art Department.

**Student Exhibition 2014** is the most comprehensive survey of artwork completed by Cabrillo College Art Department students during the spring 2014 semester.

The exhibit opens April 21 and runs through May 16, with an artist reception Saturday, April 19 from 4 p.m. to 6 p.m.

Collage, drawings, serigraphs, intaglio, ceramics, sculptures, small-scale metal/jewelry, fiber art, traditional and digital photography, and video.

The artwork is selected by students and faculty and includes up to three works from each studio class. Although just a handful of work is exhibited, out of the 1200-plus students enrolled in studio art courses, the exhibited works represent an outstanding cross-section of this talent.

As always, the exhibition is designed and installed by Cabrillo College student volunteers. This complex installation job includes the tasks of selecting wall colors, pedestal placement, signage, lighting and the organization of the works of art. A strong installation of galleries within a gallery will be created highlighting the numerous categories of artwork.

**Location:** Cabrillo Gallery, Aptos Campus 6500, Soquel Drive, Aptos. The Gallery is located in the Library building, room #1002, in center of the uphill side of the campus.

**Gallery Hours:**
Monday through Friday, 9 a.m.- 4 p.m. and Monday and Tuesday evenings 7 p.m. - 9 p.m. Parking can be found in any of the numerous metered parking areas.
